Mining & Industry Projects, Department of Planning & Infrastructure.
Dear Sir/Ms,

I am sending this Email to you in reference to Project No. (SSD-4986).

I am deeply worried about this project, as usual I believe it is being pushed forward without the correct and proper safeguard, consultation and exposure of what dangers the local community will actually be exposed to.

My sister Elizabeth Hayes has lived in the Stockton Centre for the last 35 years and people (@460 individuals) they will not and cannot easily be moved in case of dangerous exposure to chemicals. There is an unacceptable risk, air and Hunter River Pollution, noise, and as I have said inadequate consultation.

Please note our objection, Thankyou.

Yours sincerely

Peter Hayes
