Brett and Julie Mills
18 Eames Ave
Stockton 2295
NSW

Application number SSD-4986

I object to the proposal

I have lived opposite this site for 45 years, in that time I have had listened to the noise of forklifts, trucks and sirens which carry across the river and keep me awake at night.

I have seen plumes of smoke blowing across to Stockton, have had some of my green leaf vegetable die overnight from a night time release.

This site has the potential to be a blast hazard, is already a noise and air hazard without the current expansion.

Its located too close to residents located at Stockton, Mayfield and Carrington.

It should be closed down and relocated somewhere else, not increased in size.

regards

Brett Mills
