DEPARTMENT OF PLANNING DA SSD-4986**OBJECTION TO INCITEC**

Dear sir or Madam,

I have followed much that has been written about the proposal to build INCITEC at Kooragang Island, and am astounded at the type of decision making that ignores the explosive potential of this type of establishment when placing it near a City. Individually it is bad enough, but situated near a similar establishment of equally explosive potential makes a reasonable man's hair stand on end. It is unspeakable that any community should be treated with such contempt by its representatives. Newcastle is used to being the engine room in all the grime and muck that that implies needed to drive this State's wheels but approval for INCITEC would be pushing us too far. I would urge that you seek another solution to Incitec's problem.

Ps. I have not made any political donations. KO
