

SATURDAY 10TH MARCH 2012

ROYAL RANDWICK RACECOURSE

Dear Resident,

We would like to inform you that Future Entertainment Pty Ltd is hosting the upcoming Future Music Festival on Saturday 10th March 2012. This event will be held at the Royal Randwick Racecourse from 12 midday till 10pm.

To ensure that this event is compliant with the Randwick City Council and the EPA noise regulations and to ensure there is minimal disruption to the surrounding residential area, the following measures will be implemented:

- Continual monitoring of the sound levels by an independent, accredited acoustic engineer to ensure that sound emissions from the site comply with council regulations.
- A directional sound system will be used at the venue to minimise the emission of sound to residential areas.
- All staff and contractors have been fully briefed and understand the council regulations that govern this event.

Upon receipt of a Sound Complaint the Acoustic Engineer will test the sound levels in your immediate area to ensure it complies with the Randwick Council and EPA regulations. If the sound level breaches any part of the EPA regulations the offending music will be reduced to comply with these guidelines. You will be notified of the result of our investigations and the course of action undertaken.

A Pedestrian and Traffic Management Plan have been developed for the event.

Future Entertainment can be contacted on our **Residents Response Hotlines: Ph:TBC** or Ph:TBC at any time during the event **to report any Anti-Social, Noise or Cleaning related problems** you may be experiencing. Resident Response Personnel will be deployed to respond to you immediately. Future Entertainment will take the necessary precautions to ensure that the Future Music Festival does not adversely affect the local community on Saturday 10th March 2012.

Furthermore the surrounding area will be thoroughly cleaned within 24 hours of the event

Thank you for taking the time to read this letter.

Signed

Brett Robinson
