Mr Alan Bright
A/Director, Metropolitan & Regional Projects South
Department of Planning & Infrastructure
GPO Box 39,
SYDNEY NSW 2001

**Exhibition – Planning Proposal to Amend the Randwick LEP 1998 & Royal
Randwick Racecourse Hotel (SSD 5002-2011)**

Dear Mr Bright,

Thank you for your correspondence of 30 July 2012 requesting comment on proposed amendments to the Randwick LEP 1998 and construction of a hotel at the Royal Randwick Racecourse. Sydney Water has reviewed the proposal and provides the following comments for Council's consideration.

Water

The drinking water main available for connection is the 150mm main on the eastern side of Alison Road.

Wastewater

A wastewater extension is required to service the proposed development. The wastewater main available for connection is either the 400mm main located on Alison Road between Darley Road and Doncaster Avenue or the 225mm constructed traversing the site. The proposed wastewater infrastructure for this development will be sized and configured according to the Sewerage Code of Australia (Sydney Water Edition WSA 02-2002).

Trade Waste Information

Should this development generate trade wastewater, this correspondence does not guarantee the applicant that Sydney Water will accept the trade wastewater to its sewerage system. In the event trade wastewater is generated, the property owner is required to submit an application for permission to discharge trade wastewater to the sewerage system before business activities commence. A boundary trap will be required where arrestors and special units are installed for trade waste pre-treatment.

Prospective Purchasers should be made aware of the above situation under the requirements of vendor disclosure.

For further information please visit the Sydney Water website at:
<http://www.sydneywater.com.au/OurSystemsandOperations/TradeWaste/>

Sydney Water Servicing

Sydney Water will further assess the impact of any subsequent development when the developer applies for a Section 73 Certificate. This assessment will enable Sydney Water to specify any works required as a result of future development and to assess if amplification and/or changes to the system are applicable. The developer must fund any adjustments needed to Sydney Water infrastructure as a result of the development.

The developer should engage a Water Servicing Coordinator to get a Section 73 Certificate and manage the servicing aspects of the development. The Water Servicing Coordinator will ensure submitted infrastructure designs are sized and configured according to the Water Supply Code of Australia (Sydney Water Edition WSA 03-2002) and the Sewerage Code of Australia (Sydney Water Edition WSA 02-2002).

Sydney Water requests the Council to continue to instruct proponents to obtain a Section 73 Certificate from Sydney Water. Details are available from any Sydney Water Customer Centre on 13 20 92 or Sydney Water's website at www.sydneywater.com.au.

Sydney Water e-planning

Sydney Water has created a new email address for planning authorities to use to submit statutory or strategic planning documents for review. This email address is urbangrowth@sydneywater.com.au. The use of this email will help Sydney Water provide advice on planning projects faster, in line with current planning reforms. It will also reduce the amount of printed material being produced. This email should be used for:

- Section 62 consultations under the Environmental Planning and Assessment Act 1979
- consultations where Sydney Water is an adjoining land owner to a proposed development
- consultations and referrals required under any Environmental Planning Instrument
- draft LEPs, SEPPs or other planning controls, such as DCPs
- any proposed development or rezoning that will be impacted by the operation of a Sydney Water Wastewater Treatment Plant
- any proposed planning reforms or other general planning or development inquiries

If you require any further information, please contact Corrine Manyweathers of the Urban Growth Branch on 02 8849 4014 or e-mail corrine.manyweathers@sydneywater.com.au.

Yours sincerely,

Adrian Miller,
Manager, Growth Strategy
