Controlled Action under *Environment Protection and Biodiversity Conservation Act 1999* (EPBC Act)

Development in NSW can be subject to Commonwealth legislation, depending on the circumstances.

The Commonwealth Minister for the Environment and Water has decided that the modification – known as the Atlas-Campaspe Mineral Sands Mine Modification 6 (2025/10354) for Commonwealth purposes – is a “controlled action” under the EPBC Act.

The EPBC Act Part 3, Division 1 controlled provisions are:

- Sections 12 and 15A (World Heritage);
- Sections 15B and 15C (National Heritage values of a national heritage place); and
- Sections 18 and 18A (listed threatened species and communities).

The modification (2025/10354) will be assessed under Part 4 of the *Environmental Planning and Assessment Act 1979*. The assessment will be in accordance with the Bilateral Agreement between NSW and the Commonwealth, made under the EPBC Act. The assessment will be done in the manner specified in Schedule 1 of the Bilateral Agreement. This means the modification will be assessed against the requirements of both acts.

The public notice for the modification may be found at epbcpbpublicportal.environment.gov.au/all-referrals.
