

Mr Brendan Isaacs
Environmental Lead
4818 Nob Road
Pooncarie, New South Wales, 2648

25/09/2020

Dear Mr Isaacs

**Tronox Murray Basin Operations
Radiation Management Plan**

I refer to the Murray Basin Mineral Sands Radiation Management Plan which was updated to address comments provided by the NSW EPA and the Department.

The Department understands that the Radiation Management Plan covers multiple Tronox sites within the Murray Basin due to the close relationship between sites and management of naturally occurring radioactive material. The Department has reviewed the document and is satisfied that it addresses the following conditions:

Project	Project Approval	Condition
Atlas-Campaspe Mineral Sands	SSD-5012	29 of Schedule 3
Ginkgo Mineral Sands	DA 251-09-01	27 and 28 of Schedule 3
Snapper Mineral Sands	DA 06-0168	7 and 9 of Schedule 3
Broken Hill Mineral Separation Plant	DA 345-11-01	3.12, 3.16 and 4.7 of Schedule 2

Accordingly, the Planning Secretary has approved the Radiation Management Plan (Revision 5, dated September 2020). Please ensure that the approved plan is placed on each project's website at the earliest convenience.

If you wish to discuss the matter further, please contact Emily Murray on 02 8837 6041.

Yours sincerely

Stephen O'Donoghue
Director
Resource Assessments
As nominee of the Planning Secretary
