Transport Management Plan for Atlas-Campaspe Mineral Sands Mine (SSD-5012)

Dear Dr Chirozva,

I refer to the Transport Management Plan (Revision 3.1, dated January 2023) submitted to the Department of Planning and Environment (the Department) as required under the conditions of approval for the Atlas-Campaspe Mineral Sands Mine.

The Department has reviewed the document and is satisfied that it generally meets the requirements of the conditions. The Department notes that while a copy of the management plan was provided to Transport for NSW (TfNSW) and Balranald Shire Council (Council), you are yet to receive feedback.

Accordingly, the Secretary has conditionally approved the Transport Management Plan (Revision 3.1, dated January 2023). Within six weeks of receiving feedback from TfNSW and Council, the Department requires you to review and (if necessary) revise the Transport Management Plan to reflect that feedback, and resubmit to the Department for review and approval via the Major Projects portal.

You are reminded that if there are any inconsistencies between the plan and the conditions of approval, the conditions prevail.

Please ensure you make the document publicly available on the project website at the earliest convenience.

If you wish to discuss the matter further, please contact Brittany Golding on 02 9995 5742.

Yours sincerely

Stephen O'Donoghue
Director
Resource Assessments

As nominee of the Planning Secretary
