

Hi Natasha,

Thank you for providing the "Re-alignment of Gas Main - Consent SSD\_5093 (Mod 1) - Response to Submissions" dated September 2015 (**Response**).

In regards to section 2.2 of the Response, Ausgrid's concerns have been addressed, given that the proposed pipeline alignment along the Wicks Rd frontage:

1. has been relocated within the property boundary;
2. has been amended as per Drawing Number C-0-9-20 Rev 4 (dated 31.08.2015); and
3. is consistent with the original approval in Consent SSD\_5093.

Kind regards,
