Subject: RE: Wicks/Waterloo & Epping Rd slip lane - Letter of Undertaking RMS - URGENT

Vy,

That is fine. RMS has no objections / concerns with the what has been proposed. Nor do we have any comments.

The projects are in construction and are progressing, we understand the contractor will eventually complete the project.

Regards,

Nouhad Farah

Morning Nouhad,

I've asked the Department of Planning and Environment to finalise the below in the consent.

You'll get contacted very soon to finalise your position.

Cheers,

Vy

Morning Nouhad,

Following our conversation on Friday, see proposed condition for the Lachlan's Line consent. The provisions of our current WAD are more relevant although this is really to be clear. Would

appreciate confirmation that RMS is comfortable with the approach especially given the progress of works and existing letters of undertaking.

WICKS AND WATERLOO ROAD INTERSECTION WORKS

D23 Despite the provisions of Conditions D12 – D17, a Subdivision Certificate for Phase 3 may be issued prior to the completion of the roadworks at the intersection of Wicks and Waterloo Road. All works associated with the upgrading of this intersection are to be completed within 4 months of the issue of the Subdivision Certificate for Phase 3. All relevant requirements of Conditions D12-D17, as they relate to the intersection works must also be completed within 4 months of the issue of the Subdivision Certificate, including:

- Council inspections of the road reserve in accordance with condition D12;
- Works as Executed Drawings and documentation relating to the intersection in accordance with Condition D13
- All relevant signage and line marking in accordance with Conditions D15-D17.

Cheers,

Vy
