Operational Noise Monitoring Report, Condition E7

Dear Thu

I refer to the Post Occupancy Acoustic Survey (the survey) submitted to the Planning Secretary in accordance with Condition E7 of SSD-51046975 (as modified).

I note that the survey:

- was reviewed by the Applicant, and no issues were raised to the Department;
- summarises the methodology adopted for monitoring noise emissions; and
- assesses the results of the monitoring outcomes to determine compliance with operational noise criteria.

Accordingly, the Department has filed the Post Occupancy Acoustic Survey, Revision 0, dated 4 May 2026, prepared by Pulse White Noise Acoustics Pty Ltd, for our information, under Condition E7 of SSD-51046975.

Please ensure that you make the survey available for public access on the project website at the earliest convenience.

If you wish to discuss the matter further, please contact Hala Fua at hala.fua@dphi.nsw.gov.au.

Yours sincerely

Department of Planning, Housing and Infrastructure
