Subject: Mandalong Coal Southern Extension - EP LW57-60 Variation 3

Dear Mr Dunwoodie

I refer to the letter from Centennial Coal dated 16 December 2024 seeking approval for a third variation to the approved Extraction Plan for Longwalls (LW) 57-60 at Mandalong Mine. The proposed variation would recover LW58 to 107m chainage rather than 0m as originally proposed due to adverse mining conditions, reducing the void length to 1,419m.

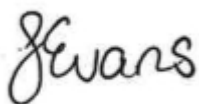

The Department has carefully reviewed your request, including the accompanying subsidence predictions and is satisfied that the variation is necessary and would result in similar or reduced subsidence-related impacts when compared with those already approved.

Accordingly, as nominee of the Planning Secretary, I approve the third variation to the approved Extraction Plan for Longwalls (LW) 57-60 (dated 16 December 2024).

You are reminded that if there are any inconsistencies between the Plan and the conditions of approval, the conditions prevail. Please ensure you make the document publicly available on the project website at the earliest convenience.

If you wish to discuss the matter further, please contact Kristina Robinson on 02 9860 1543 or at [K r i s t i n a . r o b i n s o n @ d p h i e . n s w . g o v . a u](mailto:Kristina.robinson@dphie.nsw.gov.au).

Yours sincerely

Jessie Evans
