Subject: Air Quality & Greenhouse Gas Management Plan for the Mandalong Southern Extension Project (SSD-5144)

Dear Ms White

I refer to the Air Quality & Greenhouse Gas Management Plan, Revision 4, dated November 2021, (the plan) submitted to the Department of Planning and Environment (the Department) as required under Schedule 3, Condition 10 for the Mandalong Southern Extension Project development consent.

I note that the plan covers Centennial Coal's northern region and is the same plan for Northern Coal Services (SSD-5145), Newstan Colliery (DA 73-11-98), Myuna Colliery (10_0080) and Mandalong Southern Extension Project (SD-5144).

I understand the changes to the plan has been updated to satisfy the Independent Environmental Audit (IEA) finding NC REC 1.

Accordingly, I approve the revised Air Quality and Greenhouse Gas Management Plan (Revision 4, dated November 2021).

If you wish to discuss the matter further, please contact Kevin Reid on 0292746209 or at kevin.reid@dpie.nsw.gov.au.

Yours sincerely
