Content:
 I have been involved in the Mining Industry in the Hunter Valley for the last 11 years with nearly the last 6 as an employee of Bengalla.

From the day you walk in the door you quickly learn that it's not our right to mine but a privilege that is extended to us by our neighbours and the community. We have a responsibility as individuals and a company to protect the environment, consider our neighbours and the community during our daily work. In the last six years I have seen this practiced on a daily basis time and time again. I am proud to say I work at Bengalla and we practice what we preach.

Bengalla has a presence within the local community through it's sponsorship of local events and community donations, which brings the community together.

It is for the above reasons that I support the continuation of Bengalla.
