10 November 2022

Chris Ritchie  
Director – Industry Assessments  
Department of Planning and Environment  
Locked Bag 5022  
Parramatta NSW 2124.

Dear Chris,

**Gazcorp Industrial Estate, 813-913 Wallgrove Road, Horsley Park – State Significant Development SSD 5248  
Condition C60(a) – Construction Noise Management Plan**

I refer to the Gazcorp Industrial Estate, 813-913 Wallgrove Road, Horsley Park (State Significant Development SSD 5248), for which development consent was issued on 11 November 2019, and which was modified on 23 December 2021.

This letter has been submitted to the Department of Planning and Environment (DPE) to request the Planning Secretary's endorsement of the appointed author of the Construction Noise Management Plan, pursuant to Condition C60(a) of development consent SSD 5248.

Gazcorp has appointed George Wei, a Director at Acoustic Logic. George's CV is attached, demonstrating that he is a suitably qualified and experienced noise expert. George is a Member of the Australian Acoustical Society (MAAS) and a NSW Fair Trading Approved Building and Development Certifier – Acoustic (Registration No: BDC04838). Indeed, George has been responsible for several noise reports associated with the project, including the Noise Impact Assessment recently accepted as part of the Modification 1 approval, as well as the Noise Verification Report recently approved by the Planning Secretary in accordance with Condition A13A of the development consent.

As requested above, we are seeking the Planning Secretary's endorsement of George Wei as a suitably qualified and experienced noise expert to prepare the Construction Noise Management Plan.

Please do not hesitate to contact me if you have any queries in relation to this matter.

Yours sincerely,

**Tim Ward**  
Director, Planning
