Survey Notes:

Location of structures approximate only.

The levels and details on this plan have been determined by standard methods and are within the general accuracies for such surveys. All set out levels must be referred to the bench mark.

Boundaries and Distances are by deed only and are subject to Final Survey. Except where shown by dimension, the relationship of improvements to boundaries is diagrammatic only. The true positions are subject to Final Survey.

These sizes are estimates and indicative only.

Services and utilities shown have been located by physical evidence and/or by reference to service plans from the relevant authorities. This may not have been done to verify the type of utility. Excavation has not been carried out to confirm underground location. Service details should be confirmed with the relevant service authority during design and prior to commencement of construction.
