

27 September 2022

ATTN: Department of Planning, Industry & Environment – Compliance Division

Subject: Request for extension on Noise Mitigation Options Assessment completion date

To whom it may concern,

Delta Coal is requesting an extension of the proposed submission date (30 September 2022) for a Noise Mitigation Options Assessment (NMOA) for achieving the Chain Valley Colliery long-term noise goals, to the 21st October 2022.

Delta Coals acoustics contractor (EMM Consulting) have noted on the 27th September 2022 that the delivery of the report has incurred delays due to unforeseen circumstances in resourcing the project. At current, field works and monitoring works in relation to the project have been completed, and the project is within reporting stages.

Yours faithfully,

A handwritten signature in black ink, appearing to read "Lmcwaha".

19/04/2022

Dear Mr McWha

**Chain Valley Extension Project (SSD-5465) and
Manning Colliery (MP06_0311)
Combined Noise Management Plan**

I refer to the Noise Management Plan (Combined NMP), submitted in accordance with condition 9 of Schedule 3 of SSD-5465 and condition 3C of Schedule 3 of MP06_0311.

The Department has carefully reviewed the document and is satisfied that it has been appropriately updated in accordance with the conditions of consent.

The Department notes Delta Coal will complete a noise mitigations options assessment by 31 June 2022. Upon completion of that assessment, please submit an updated NMP for approval, detailing any additional measures proposed to mitigate noise impacts from these projects.

Accordingly, the Secretary has approved the Combined NMP (Revision 1, dated 1st September 2021). Please ensure that the approved plan is placed on the project website at the earliest convenience.

If you wish to discuss the matter further, please contact Tanvir Islam on (02) 9995 6389.

Yours sincerely

A handwritten signature in black ink that reads "Jessie Evans".
