Subject: Western Coal Services (SSD-5579) - Extension Request for Water Management Plan

Dear Mr Anderson

I refer to your letter dated 27 May 2025 requesting an extension of time to submit the revised Water Management Plan (WMP) required by Condition 24, Schedule 3 of development consent SSD- 5579.

The Department understands that Western Coal Services received a variation to Environmental Protection Licence (EPL) 21229 on 21 November 2024, the conditions of which included several Pollution Reduction Program requirements. Following the variation of EPL 21229, Western Coal Services submitted a request for extension of time to resubmit the WMP to ensure the revised WMP satisfies the conditions of consent along with the varied conditions in EPL 21229. On 28 January 2025, the Secretary granted an extension of time until 31 May 2025 for Western Coal Services to resubmit the WMP.

The Department understands that various works continue to be undertaken on site in consultation with EPA to address the EPL 21229 Pollution Reduction Program requirements. It is understood that you are seeking an extension of time to ensure the revised WMP is aligned with the ongoing works addressing the Pollution Reduction Program requirements.

Accordingly, the Secretary has granted an extension of time until 31 December 2025 for Western Coal Services to resubmit the WMP. If you wish to discuss the matter further, please contact Polina Golberg on polina.golberg@dpie.nsw.gov.au or 02 8275 1072.

Yours sincerely
