Subject: Upper Cocks River Action and Monitoring Plan

Dear Natalie

I refer to the revised Upper Cocks River Action and Monitoring Plan (rev 10, June 2023) submitted in accordance with Condition 13, Schedule 4 of the consent for the Springvale Mine Extension Project (SSD-5594).

The Department has carefully reviewed the document and is satisfied that the plan meets the requirements of the relevant conditions in consent (SSD-5594).

Accordingly, as nominee of the Planning Secretary, I approve the Upper Cocks River Action and Monitoring Plan (rev 10, June 2023).

The Department has made note of several minor or editorial matters to be considered in future reviews of the plan, provided in **Attachment A**.

You are reminded that if there are any inconsistencies between the Plan and the conditions of consent, the conditions prevail.

Please ensure you make the document publicly available on the project website at the earliest convenience.

If you wish to discuss the matter further, please contact Emily Pemberton on 02 8275 1783.

Yours sincerely
