SSD 5700-2012 - Student Accommodation, Block 4s. Central Park

Dear Stephen

With respect to the above project, WSP confirm that a Sydney Water Coordinator (SWC) will be engaged to apply for a Section 73 (s73) Certificate.

The application for the s73 certificate will address the capability of the existing Sydney Water infrastructure systems to accommodate the revised usage of Block 4s requirements.

As a result of the submission a revised Notice of Requirements (NoR) will be issued by Sydney water in due course. These requirements will be implemented into the design of the services. Once completed a S73 certificate will be applied for.

Yours sincerely

Rob Beck
Associate Director
