Hi Mike

We did many flights out of both Pambula and Bega Hospitals but no flights into either as neither is a major trauma or has high level intensive care capacity.

There were around 66 flights from Bega Hospital and 14 flights from Pambula Hospital last year. Bega presents as a relatively busy regional centre.

regards Garry

Hi Gary,

Happy New Year! I hope you had a great holiday.

I was wondering if you were able to provide the movement numbers for Bega and Pambula regions?

Hi Mike

I should be able to get some data for these movements from our database. I'm out of the office and will have a look tomorrow.

thanks Garry

Hi Gary,

With regards to the Bega Valley Health Redevelopment, I have been asked by the project manager to see if I could get annual helicopter movements to Bega and Pambula as the hospitals do not have very reliable records. Are you able to provide this data?

Please do not hesitate to contact me if you would like to discuss further.
