

Petition to NSW Government  
Department of Planning & Infrastructure  
GPO BOX 39  
SYDNEY NSW 2001

Your Reference - SSD5752

State Significant Development Application for Sydney International  
Convention, Exhibition and Entertainment Precinct (SSD 5752)

I/We: Fiona Hung owners of

Unit/s: 688 at Goldsbrough - 243 Pyrmont Street,  
PYRMONT NSW 2009

(residential address): 688/243 Pyrmont Street  
Pyrmont NSW 2009

Strongly object to the Darling Harbour redevelopment as now proposed  
for the following reasons;

**1. Loss of view**

The proposed height of the new convention centre is 47m, while Sydney Council's guideline was for 29m, this will greatly affect the views from the Goldsbrough.

**2. Proposed dual multi storey hotel**

The present Development Application does not include the proposed hotel. Given the significant impact that this will have on views from the Goldsbrough, the hotel must form part of the current development application.

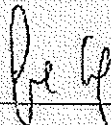

**3. Foreshadowing**

The Goldsbrough is part of Sydney Council's 'Smart Green Apartment' initiative which specifically earmarks energy savings. The proposed Convention Centre and hotel complex will significantly reduce sun and natural light to units facing east.

**4. Loss of easy access to Darling Harbour**

The footbridge across the light rail into Darling Harbour behind the present Convention Centre is used by thousands of residents, tourists and business people each day. It appears to be gone.

Signed: \_\_\_\_\_

The Goldsbrough is part of Sydney Council's 'Smart Green Apartment' initiative which specifically earmarks energy savings. The proposed Convention Centre and hotel complex will significantly reduce sun and natural light to units facing east.

**4. Loss of easy access to Darling Harbour**

The footbridge across the light rail into Darling Harbour behind the present Convention Centre is used by thousands of residents, tourists and business people each day. It appears to be gone.

I/We: KOSMA KARVDIS owners of

Unit/s: 521 at Goldsbrough - 243 Pyrmont Street,  
PYRMONT NSW 2009

(residential address): Unit 17 54-58 Port Hacking  
rd. Sylvania.

Strongly object to the Darling Harbour redevelopment as now proposed  
for the following reasons;

**1. Loss of view**

The proposed height of the new convention centre is 47m, while Sydney Council's guideline was for 29m, this will greatly affect the views from the Goldsbrough.

**2. Proposed dual multi storey hotel**

The present Development Application does not include the proposed hotel. Given the significant impact that this will have on views from the Goldsbrough, the hotel must form part of the current development application.

**3. Foreshadowing**

The Goldsbrough is part of Sydney Council's 'Smart Green Apartment' initiative which specifically earmarks energy savings. The proposed Convention Centre and hotel complex will significantly reduce sun and natural light to units facing east.

**4. Loss of easy access to Darling Harbour**

The footbridge across the light rail into Darling Harbour behind the present Convention Centre is used by thousands of residents, tourists and business people each day. It appears to be gone.

**3. Foreshadowing**

The Goldsbrough is part of Sydney Council's 'Smart Green Apartment' initiative which specifically earmarks energy savings. The proposed Convention Centre and hotel complex will significantly reduce sun and natural light to units facing east.

**4. Loss of easy access to Darling Harbour**

The footbridge across the light rail into Darling Harbour behind the present Convention Centre is used by thousands of residents, tourists and business people each day. It appears to be gone.

PYRMONT NSW 2009

(residential address): 2 Anthony Rd

CASTLE HILL 2154

Strongly object to the Darling Harbour redevelopment as now proposed  
for the following reasons;

**1. Loss of view**

The proposed height of the new convention centre is 47m, while Sydney Council's guideline was for 29m, this will greatly affect the views from the Goldsbrough.

**2. Proposed dual multi storey hotel**

The present Development Application does not include the proposed hotel. Given the significant impact that this will have on views from the Goldsbrough, the hotel must form part of the current development application.

**3. Foreshadowing**

The Goldsbrough is part of Sydney Council's 'Smart Green Apartment' initiative which specifically earmarks energy savings. The proposed Convention Centre and hotel complex will significantly reduce sun and natural light to units facing east.

**4. Loss of easy access to Darling Harbour**

KELLYVILLE NSW 2155

Strongly object to the Darling Harbour redevelopment as now proposed  
for the following reasons;

**1. Loss of view**

The proposed height of the new convention centre is 47m, while Sydney Council's guideline was for 29m, this will greatly affect the views from the Goldsbrough.

**2. Proposed dual multi storey hotel**

The present Development Application does not include the proposed hotel. Given the significant impact that this will have on views from the Goldsbrough, the hotel must form part of the current development application.

**3. Foreshadowing**

The Goldsbrough is part of Sydney Council's 'Smart Green Apartment' initiative which specifically earmarks energy savings. The proposed Convention Centre and hotel complex will significantly reduce sun and natural light to units facing east.

**4. Loss of easy access to Darling Harbour**

The footbridge across the light rail into Darling Harbour behind the present Convention Centre is used by thousands of residents, tourists and business people each day. It appears to be gone.

State Significant Development Application for Sydney International  
Convention, Exhibition and Entertainment Precinct (SSD 5752)

We: Navin & Simmi Jain owners of

Unit/s: 1005 at Goldsbrough - 243 Pymont Street,  
PYRMONT NSW 2009

(residential address): 26 BOONAH ST  
BULKHAM HILLS

Strongly object to the Darling Harbour redevelopment as now proposed  
for the following reasons;

**1. Loss of view**

The proposed height of the new convention centre is 47m, while Sydney Council's guideline was for 29m, this will greatly affect the views from the Goldsbrough.

**2. Proposed dual multi storey hotel**

The present Development Application does not include the proposed hotel. Given the significant impact that this will have on views from the Goldsbrough, the hotel must form part of the current development application.

**3. Foreshadowing**

The Goldsbrough is part of Sydney Council's 'Smart Green Apartment' initiative which specifically earmarks energy savings. The proposed Convention Centre and hotel complex will significantly reduce sun and natural light to units facing east.

**4. Loss of easy access to Darling Harbour**

The footbridge across the light rail into Darling Harbour behind the present Convention Centre is used by thousands of residents, tourists and business people each day. It appears to be gone.
