Maitland, NSW
2320

Content:
Strike Force Services provides cleaning services to the Mt Owen Coal mine. We currently have 5 team members who depend on the ongoing works within the mine.

Like most cleaning company's the cleaning sector of our business is a minimum wage industry, often with an unskilled work force. Mt Owen provides the perfect foundation to secure a future for the team and their families. The mining Industry and our local community have been struggling for last 4 years.

The People in the Hunter Valley are not asking for handouts just an opportunity to continue to look after their families and play their part in the community.
