**Content:**

Mt Owen Complex has provided me with the chance to work in the coal industry and has provided my family with a life we could only have dreamed of. Mt Owen is set well away from any close communities so our impact on the locals quality of life is minimal. Contracting to Thiess who contract to Glencore pushes everyone to work there hardest to maintain contracts and extensions. It would be a massive blow to the employees and families if mount owen were to close in 2018, placing further stress on the struggling coal industry.
