Additional Construction Jobs	0

Modification Description

Extension of North Pit to access an additional 35 million tonnes of run of mine coal and extension of approved mine life by an addition 6 years (to 2037)

How is the modification substantially the same as the original development?

The Proposed Modification is considered to be substantially the same development as that approved under SSD-5850 as the overall nature and scale of the development remains similar to the approved Mount Owen operations. There is no change to the approved production limits, mining methods, coal processing or transportation or operating hours and the majority of the development remains unchanged from that which is approved
