Dear Mr Desmond

**Mount Owen and Glendell Operations (SSD-5850 and DA 80/952)  
Approval of Blast Management Plan**

I refer to the updated Blast Management Plan which was submitted in accordance with condition 15 of Schedule 3 of the development consent for the Mount Owen Continued Operations Project (SSD-5850) and condition 19 of Schedule 3 of the Glendell Open Cut Project (DA 80/952).

The Department has carefully reviewed the document and is satisfied that it has been updated to reflect the additional infrastructure approved as part of Modification 6 to SSD 5850, noting that the changes that have been made are largely administrative in nature.

Accordingly, the Secretary has approved the Blast Management Plan (Version 6, dated June 2021). Please ensure that the approved plan is placed on the project website at the earliest convenience.

If you wish to discuss the matter further, please contact Joe Fittell on (02) 4908 6896.

Yours sincerely

Stephen O'Donoghue  
Director  
Resource Assessments (Coal & Quarries)  
As nominee of the Secretary
