Dear Mr Desmond

**Mount Owen and Glendell Operations (SSD-5850 and DA 80/952)  
Approval of Air Quality and Greenhouse Gas Management Plan**

I refer to the updated Air Quality and Greenhouse Gas Management Plan which was submitted in accordance with condition 19 of Schedule 3 of the development consent for the Mount Owen Continued Operations Project (SSD-5850) and condition 23A of Schedule 3 of the Glendell Open Cut Project (DA 80/952).

The Department has carefully reviewed the document and is satisfied that it has been updated to reflect the additional infrastructure approved as part of Modification 6 to SSD 5850, noting that the changes that have been made are largely administrative in nature.

The Department also agrees, in accordance with condition 18 of Schedule 2, that due to the administrative nature of the revisions that consultation with the public authorities listed in condition 19 of Schedule 3 was not required.

Accordingly, the Secretary has approved the Air Quality and Greenhouse Gas Management Plan (Version 12, dated July 2021). Please ensure that the approved plan is placed on the project website at the earliest convenience.

If you wish to discuss the matter further, please contact Joe Fittell on (02) 4908 6896.

Yours sincerely,

A handwritten signature in black ink, appearing to be 'S O'Donoghue'.
