Hi,

Airservices have no comments on this proposal. Any proposed developments within the project area may need separate assessments. Any crane(s) required during construction will also need separate assessment.

Given the proximity of this proposal to Tamworth Airport, we recommend that you submit any future proposals to the airport operator. The airport will then refer the proposal to Airservices and CASA if required.

Alternatively, please refer to the following link to our webpage for the information needed to submit an application: [Developments at and around airports - Airservices \(airservicesaustralia.com\)](https://www.airservicesaustralia.com/developments).

If you have any further queries, please let our team know.
