Hi,

I am writing on behalf of My husband and I who live on [REDACTED] Wallalong to express our objection to the Brandy Hill Quarry Expansion. As a long term resident of this area we have seen the traffic on this road increase over time, in particular the truck movements. As a family with small children this is of particular concern to us not only for health and safety reasons but our well being (sleep disturbance) and the impact that this will have on our lovely area not to mention the price of our property.

Kind Regards,

[REDACTED]
