Hi Craig,

Transgrid is pleased to provide you with our connection enquiry response for the Merino Solar Farm project, in accordance with clause 5.3.3 of the National Electricity Rules. This is required to be completed before you can make an application to connect under the Rules.

The connection enquiry response consists of:

1. Cover letter as attached
2. Further information required for an application to connect as Attachment 1
3. Connection Enquiry Response as Attachment 2
4. Connection Point Technical Specification Report (CPTSR) as Attachments 3 and 4
5. Preliminary Impact Assessment (PIA) as Attachment 5
6. Functional Specification (IUSA) as Attachment 6 and associated appendices.

Please note that a tax invoice for the remaining connection enquiry response fee will be sent to you in a separate email from our accounts department.

If you have any questions please let me know, otherwise if you would like to continue to the next stage I have also attached our consent form. By signing this form, I can provide your connection enquiry information to our Lumea team who will then assist you through the remaining connection process.

Kind regards,

Jason Abbatantuono
