

Hi Peter

SOPA has reviewed the SSD application as above, and we do not wish to make any comments on the application. It appears to be very consistent with 8B, and the comments by the DRP have been addressed in this submission.

SOPA would like the opportunity to review draft conditions, but considering the similarity with Site 8B we will not propose conditions at this stage as we would suggest that all conditions we are likely to ask for have been included on this consent.

Please let me know if you need any further assistance from SOPA.

Regards

Darren Troy
