Dear David,

**Re: Section 96 – SSD 6074 Norwest Private Hospital**

We refer to the Department's Determination of Norwest Private Hospital at No. 11 Norbrik Drive, Bella Vista (SSD) 6074 in The Hills Local Government Area (LGA).

SSD 6074 was determined on the 9 April 2014 and was approved with conditions to allow *expansion of Norwest Private Hospital including construction of a new wing consisting of three additional floors comprising new patient wards and surgical and medical suites, with direct interface with the existing hospital at level 1 and new link corridors at levels two and three. Car parking at basement and ground level will remain and will be reconfigured to increase the number of spaces.*

[http://majorprojects.planning.nsw.gov.au/index.pl?action=view\\_job&job\\_id=6074](http://majorprojects.planning.nsw.gov.au/index.pl?action=view_job&job_id=6074)

Approved works for expansion to the Norwest Private Hospital, include:

- Construction of a new wing comprising 3 levels above the existing ground level and basement car park in the western part of the site;
- Changes to the internal configuration of the existing hospital at ground and Level 1;
- Minor extension to the building envelope above the ambulance bay at Level 1;
- Revised parking layout in the basement and at ground level to accommodate the new lift and stairs;
- New opening along the south-western elevation of the basement carpark for vehicle access to a new external parking area;
- Landscape works; and
- Associated infrastructure works.

It is confirmed that these amendments are still in accordance with the approved FSR, height of building and set back controls and will not present any adverse environmental planning effects to adjoining properties, occupants or the wider Norwest Business Park area.

Please also note that a minor expansion to the Emergency Department was approved by The Hills Council on 9 April 2015 through a change of use to an adjoining retail unit comprising 89m<sup>2</sup> - Ref No.:1105/2015/HA. This did not alter the FSR. The approved plans are attached for reference only.

In summary this modification to SSD 6074 seeks to alter the following quantitative aspects of the approved expansion:

- An addition of seven hospital beds – Intensive Care Unit (ICU).
- Reduction of the total floor area dedicated for medical consulting suites from 900m<sup>2</sup> to 387m<sup>2</sup>.
- There is in effect a nominal decrease in gross floor area (113m<sup>2</sup>) arising from the expansion of essential plant rooms on level 2 where the new CSSD Plant Room replaces 59m<sup>2</sup> of medical suites, whilst 54m<sup>2</sup> of corridor and medical records will become part of Plant Room 6.
- Estimated staff – increased number of hospital nursing staff (3 more) and reduction in number of potential medical suite staff (9 less).
- No increase in car parking as approved ratios are ample to meet Council's parking standards, as per the attached traffic and transport report.

Owner's consent is enclosed and endorsement by Norwest Association has been sought, as required under the land title, being part of Norwest Business Park.

The applicant, Healthscope Operations Pty Ltd, has no political donations to declare.

We trust this information is sufficient for the purposes of assessing this modification to SSD 6074 under Section 96 of the Environmental Planning and Assessment Act. Please do not hesitate to contact our office on 9221 5211 should you require any further information.

Yours sincerely,

Patricia Docherty MRTPI MPIA
