Dear Emma,

Thank you for notifying Water NSW of the proposed modification of Oakdale Central (SSD 6078 MOD 2).

Water NSW has reviewed the proposed modification and note the development is entirely located within the existing land lot. Therefore there is no expected impact on the neighbouring Water NSW infrastructure the Warragamba Pipelines.

If there are any further modifications of the proposed development or any other neighbouring developments, please forward to Manager Planning and Assessments Fran Kelly, email fran.kelly@sca.nsw.gov.au.

Kind Regards
