Lot 3 Stormwater Management Report

Stormwater Management Report

Author: Andrew Tweedie

Approver: Anthony McLandsborough

Report no: 13-143-R003

Revision: 05

Date: September 2016

This report has been prepared for Goodman Property Services (Aust) Pty Ltd in accordance with the terms and conditions of appointment. AT&L (ABN 96 130 882 405) cannot accept any responsibility for any use of or reliance on the contents of this report by any third party.

This report is based upon a desktop review and relies upon information supplied by utility providers and Council. To the extent that the report incorporates such material, AT&L takes no responsibility for any loss or damage caused by any error or omission arising from reliance on it.

Please note that utility providers reserve the right to change their decision in relation to network deployment within the development without prior notice. Additionally it is our experience that utility providers will not reserve capacity. For this reason, they operate on a first come first serve basis.

Revision 5 of current stormwater management report, details no change to the previously approved (SSD6078 MOD 6) stormwater strategy. The only change to this report are revision letters to Appendix C – List of Civil drawings
