

# SUMMARY OF COMMUNITY SUBMISSIONS

No.	Submission Reference	Submission Position	Proforma (Y/N)	Issue(s) Raised	Response/Reference
1.	185224	Objection	N	Health and safety (emissions)	<b>Section 7.1.1:</b> General Impact of Pollutants on Human Health
				Impact on land values (reduced)	<b>Section 7.8.1:</b> Reduction in Land Value
				Odour	<b>Section 7.7:</b> Odour
2.	186432	Objection	N	Health concerns (mesothelioma, cancer, asthma)	<b>Section 7.1.2:</b> Specific Health Concerns
				Perception of Western Sydney as a ‘dumping ground’	<b>Section 7.18.3:</b> Perception of Western Sydney as a ‘Dumping Ground’
				Proponents operational history (untrustworthy)	<b>Section 7.9:</b> Proponents Operational History
				Profile of fuel material (waste types)	<b>Section 7.4.1:</b> Nature of Waste Profile <b>Section 4.1:</b> Waste Source and Composition
				Emissions (monitoring, perceived as intermittent)	<b>Section 7.2.1:</b> Adequacy and Feasibility of Mitigation Measures
3.	186136	Objection	N	No issues specified	N/A
4.	186494	Objection	N	No issues specified	N/A
5.	186468	Objection	Y	Perceived gaps in EIS (not specified)	<b>Section 7.1:</b> Gaps in EIS
				Questions waste source	<b>Section 7.4.1:</b> Nature of Waste Profile <b>Section 4.1:</b> Waste Source and Composition
				Questions procedures	<b>Section 7.4:</b> Proposed Operational and Monitoring Procedures <b>Section 7.2.1:</b> Adequacy and Feasibility of Mitigation Measures
				Questions emissions predictions	<b>Section 7.10.1:</b> Adequacy of Emissions Modelling
				Questions zoning and permissibility	<b>Section 6.3.1:</b> Land Use Zone and Zone Objectives
				Environmental impact (critically endangered ecological communities)	<b>Section 7.5.1:</b> Endangered Ecological Communities and Vulnerable Species
				Location and design does not encourage high standard development	<b>Section 6.3.3:</b> Site Suitability <b>Section 6.15:</b> Design Quality and Visual Amenity
6.	186298	Objection	Y	Refer to submission 186468 for proforma	N/A
7.	185233	Objection	N	Location (in a residential area)	<b>Section 7.3.1:</b> Proximity to Sensitive Land Uses
				“Admission” of toxic emissions	<b>Section 7.1.4:</b> Admission of Human Health Risk by the Proponent

				Air quality (pollution)	<b>Section 7.1: Air Quality</b>
8.	186406	Objection	N	Perception of Western Sydney as a 'dumping ground'	<b>Section 7.18.3: Perception of Western Sydney as a 'Dumping Ground'</b>
				Odour	<b>Section 7.7: Odour</b>
				Air quality (emissions and pollution)	<b>Section 7.1: Air Quality</b>
				Health concerns (cancer)	<b>Section 7.1.2: Specific Health Concerns</b>
9.	186346	Objection	N	No issues specified.	N/A
10.	186356	Objection	N	Health concerns (human, animal and plant illness)	<b>Section 7.1.1: General Impact of Pollutants on Health</b> <b>Section 7.5: Environmental Impacts</b>
				Location (proximity to homes and schools)	<b>Section 7.3.1: Proximity to Sensitive Land Uses</b>
11.	186586	Objection	Y	Refer to submission 186468 for proforma.	N/A
12.	188077	Objection	Y	Adopts the position of Blacktown City Council (main objection). Refer to submission 188212.	N/A
13.	186632	Objection	N	Health concerns (not specified)	<b>Section 7.1.1: General Impact of Pollutants on Health</b>
14.	187942	Objection	Y	Refer to submission 186468 for proforma.	N/A
15.	186742	Objection	N	Location (proximity to homes and water supply)	<b>Section 7.3.1: Proximity to Sensitive Land Uses</b> <b>Section 7.3.2: Proximity to Prospect Reservoir</b>
				Odour	<b>Section 7.7: Odour</b>
16.	186746	Objection	N	Air quality (pollution, impact on children)	<b>Section 7.1: Air Quality</b> <b>Section 7.1.7: Children's Health</b>
				Location (proximity to a school)	<b>Section 7.3.1: Proximity to Sensitive Land Uses</b>
17.	187748	Objection	N	Location (proximity to residential area)	<b>Section 7.3.1: Proximity to Sensitive Land Uses</b>
				Pollution (toxins)	<b>Section 7.1: Air Quality</b>
				Odour	<b>Section 7.7: Odour</b>
18.	186578	Objection	Part proforma	Increased traffic	<b>Section 7.6.1: Impact of Additional Vehicles on Congestion</b>
				Pollution (not specified)	<b>Section 7.1: Air Quality</b>
				Refer to submission 186468 for proforma.	N/A
19.	186682	Objection	Y	Refer to submission 186468 for proforma.	N/A
20.	186806	Objection	Y	Refer to submission 186468 for proforma.	N/A

21.	186944	Objection	N	Unsafe and dangerous (not specified)	<b>Section 7.4.5:</b> Safety Risks
				Health (children, not specified)	<b>Section 7.1.7:</b> Children's Health <b>Section 7.1.1:</b> General Impact of Pollutants on Health
22.	188214	Objection	N	Environmental impact (not specified)	<b>Section 7.5:</b> Environmental Impacts
				Questions monitoring procedures (efficiency of EPA, inadequacy of monitoring systems/procedures)	<b>Section 7.4:</b> Proposed Operational and Monitoring Procedures <b>Section 7.2.1:</b> Adequacy and Feasibility of Mitigation Measures
23.	186640	Objection	Y	Refer to submission 186468 for proforma.	N/A
24.	186630	Objection	N	Health concerns (respiratory and cardiac diseases- related to ultra fine and nano particulates)	<b>Section 7.1.2:</b> Specific Health Concerns <b>Section 7.2.4:</b> PM2.5 Particulates
				Odour	<b>Section 7.7:</b> Odour
				Proponents operational history (untrustworthy)	<b>Section 7.9:</b> Proponents Operational History
				Time given to make submissions	<b>Section 7.17.1:</b> Extent of Community Engagement
				"Institutional capacity" of EIA to monitor pollution from incinerators.  Concerned there are no state or national air quality standards, license conditions or other measures to regulate ultrafine particulates.	<b>Section 7.2.1:</b> Adequacy and Feasibility of Mitigation Measures  <b>Section 7.4.3:</b> National and State Environmental Legislation and Regulatory Framework
25.	187746	Objection	Y	Refer to submission 186468 for proforma.	N/A
26.	186676	Objection	N	Location of 'harmful' facilities in the West	<b>Section 7.3:</b> Suitability of Location
				Toxicity (not specified)	<b>Section 7.1:</b> Human Health <b>Section 7.2.2:</b> Uncertainty of Emissions Profile
27.	187326	Objection	N	Impact on land values (reduced)	<b>Section 7.8.1:</b> Reduction in Land Value
				Health (not specified)	<b>Section 7.1.1:</b> General Impact of Pollutants on Health
28.	187660	Objection	Y	Refer to submission 186468 for proforma.	N/A
29.	186878	Objection	N	Location (populated area)	<b>Section 7.3.3:</b> Alternative Site Location
30.	187576	Objection	N	Air quality (temperature inversions, carcinogens, wood smoke, particulates)	<b>Section 7.2.2:</b> Uncertainty of Emissions Profile <b>Section 7.2.4:</b> PM2.5 Particulates <b>Section 7.2.6:</b> Impact on Ground Level Ozone <b>Section 7.2.8:</b> Smoke and Smog
				Water quality (location near Prospect Reservoir, particles- mercury, cadmium,	<b>Section 7.3.2:</b> Proximity to Prospect Reservoir

				lead, dioxins in water supply)	<b>Section 7.1.5:</b> Dioxins <b>Section 7.5.2:</b> Contamination of Soil and Water by Pollutants
				Location (already many existing waste facilities)	<b>Section 7.3:</b> Suitability of Location
				Health concerns (other facilities associated with increased cancer and mortality rates)	<b>Section 7.1.2:</b> Specific Health Concerns
				Questions monitoring procedures (regulatory frameworks)	<b>Section 7.4.3:</b> National and State Environmental Legislation and Regulatory Framework
				Appropriateness of energy technology	<b>Section 7.15:</b> Inadequacy of Technology
31.	188079	Objection	Y	Refer to submission 188072 for proforma.	N/A
32.	186684	Objection	N	Location (proximity to homes)	<b>Section 7.3.1:</b> Proximity to Sensitive Land Uses
33.	187754	Objection	N	Health concerns (children, not specified)	<b>Section 7.1.1:</b> General Impact of Pollutants on Health <b>Section 7.1.7:</b> Children's Health
34.	186932	Objection	Y	Location (proximity to residential areas)	<b>Section 7.3.1:</b> Proximity to Sensitive Land Uses
				Health concerns (children, not specified)	<b>Section 7.1.1:</b> General Impact of Pollutants on Health <b>Section 7.1.7:</b> Children's Health
				Odour	<b>Section 7.7:</b> Odour
				Increased traffic (trucks)	<b>Section 7.6.1:</b> Impact of Additional Vehicles on Congestion
				Emissions (pollution, not specified)	<b>Section 7.1:</b> Air Quality
				Visual impact of proposed stacks	<b>Section 7.12.2:</b> Visual Impact of Stacks
35.	187510	Objection	N	Health concerns (not specified)	<b>Section 7.1.1:</b> General Impact of Pollutants on Health
36.	187630	Objection	N	Health concerns (heart conditions, toxic waste)	<b>Section 7.1.2:</b> Specific Health Concerns
				Location (proximity to schools and children)	<b>Section 7.3.1:</b> Proximity to Sensitive Land Uses
37.	188065	Objection	N	EIS lacks specific details (health and disease impacts)	<b>Section 7.10.3:</b> Accuracy of Human Health Risk Assessment
				Concerned with inaction or lack of knowledge of Public Health Bodies	<b>Section 7.18.9:</b> Lack of Support from Government Agencies, Council and Independent Reviews
				Concerned with potential manipulation of emission/epidemiological data	<b>Section 7.10.3:</b> Accuracy of Human Health Risk Assessment
				Concerned Mr Chris Ritchie has a familial connection with Mike Ritchie & Associates (who provided initial expertise) and potential conflict of interest.	Noted. Not relevant to this proposal.
38.	188141	Objection	N	Health and environmental impacts of toxins (not specified)	<b>Section 7.1.1:</b> General Impact of Pollutants on Health

					<b>Section 7.5:</b> Environmental Impacts
39.	186850	Objection	Y	Refer to submission 186468 for proforma.	N/A
40.	188047	Objection	Part Proforma	Refer to submission 186468 for proforma	N/A
				Location (proximity to schools, child care centres, nursing homes, shops and houses)	<b>Section 7.3.1:</b> Proximity to Sensitive Land Uses
				Health concerns (not specified)	<b>Section 7.1.1:</b> General Impact of Pollutants on Health
41.	188139	Objection	N	Pollution	<b>Section 7.1:</b> Air Quality
				Increased traffic (trucks)	<b>Section 7.6.1:</b> Impact of Additional Vehicles on Congestion
				Health concerns (toxins, cancer, asthma)	<b>Section 7.1.2:</b> Specific Health Concerns
				Impact on land values (reduced)	<b>Section 7.8.1:</b> Reduction in Land Value
				Location (proximity to Prospect Reservoir, schools, hospitals, homes and parks)	<b>Section 7.3.1:</b> Proximity to Sensitive Land Uses
42.	188149	Objection	N	Health concerns (cancer, toxins)	<b>Section 7.1.2:</b> Specific Health Concerns
				Air quality (pollution, congestion, toxins)	<b>Section 7.2.2:</b> Uncertainty of Emissions Profile
				Impact on land values (reduced)	<b>Section 7.8.1:</b> Reduction in Land Value
43.	188159	Objection	N	Dangerous (unknown future repercussions)	<b>Section 7.4.5:</b> Safety Risks <b>Section 7.18.5:</b> Intergenerational Equity and the Precautionary Principle
				Health concerns (not specified)	<b>Section 7.1:</b> Human Health
44.	187166	Objection	N	Adopts position of Blacktown City Council (refer submission 188072)	N/A
				Air quality (slow clearing pollution, temperature inversions)	<b>Section 7.2.3:</b> Cumulative Impact on Air Quality <b>Section 7.2.6:</b> Impact on Ground Level Ozone
				No modelling to show cumulative effect of additional emissions to pollution levels	<b>Section 7.2.3:</b> Cumulative Impact on Air Quality <b>Section 7.10.1:</b> Adequacy of Emissions Modelling
				Questions operating and monitoring procedures (source of waste, accountability and compliance)	<b>Section 7.4:</b> Proposed Operational and Monitoring Procedures <b>Section 7.9:</b> Proponents Operational History
45.	186596	Objection	N	Pollution (not specified)	<b>Section 7.1:</b> Air Quality
				Location (proximity to residential areas)	<b>Section 7.3.1:</b> Proximity to Sensitive Land Uses

				Impact on land values (reduced)	<b>Section 7.8.1:</b> Reduction in Land Value
46.	186914	Objection	N	Air quality (acid gases, dioxins and toxic metals)	<b>Section 7.2.2:</b> Uncertainty of Emissions Profile <b>Section 7.1.5:</b> Dioxins
				Health concerns (dioxins, cancer, respiratory systems: specifically asthma, birth defects)	<b>Section 7.1.2:</b> Specific Health Concerns
				Location (proximity to residential areas)	<b>Section 7.3.1:</b> Proximity to Sensitive Land Uses
				Environmental concerns (global warming, acidification, photochemical smog, ozone, human and animal toxicity)	<b>Section 7.5:</b> Environmental Impacts <b>Section 7.2.6:</b> Impact on Ground Level Ozone <b>Section 7.1.1:</b> General Impact of Pollutants on Health
				Contamination (pollutants in food and water supplies)  Has provided links to online publications to support objection.	<b>Section 7.5.2:</b> Contamination of Soil and Water by Pollutants  N/A
47.	186852	Objection	N	Questions waste source	<b>Section 7.4.1:</b> Nature of Waste Profile <b>Section 4.1:</b> Waste Source and Composition
				Concerns about non-transparency of operations and monitoring	<b>Section 7.4:</b> Proposed Operational and Monitoring Procedures
				Proponents operational history (untrustworthy)	<b>Section 7.9:</b> Proponents Operational History
				Health concerns (asbestos)	<b>Section 4.3:</b> Asbestos
48.	187228	Objection	N	No issues specified.	N/A
49.	186680	Objection	Y	Refer to submission 186468 for proforma.	N/A
50.	187774	Objection	N	Air quality (not specified)	<b>Section 7.1:</b> Air Quality
				Health concerns (cancer, children)	<b>Section 7.1.2:</b> Specific Health Concerns
	186864	Objection	Y	Refer to submission 186468 for proforma.	N/A
51.	186570	Objection	Y	Refer to submission 186468 for proforma.	N/A
52.	186582	Objection	N	Location (proximity to residential area)	<b>Section 7.3.1:</b> Proximity to Sensitive Land Uses
				Health concerns (children, future pressure on government health system)	<b>Section 7.1.7:</b> Children's Health <b>Section 7.14.4:</b> Increased Shared Health Costs
53.	186586	Objection	N	Health concerns (not specified)	<b>Section 7.1:</b> Human Health
54.	187104	Objection	N	Health concerns (not specified)	<b>Section 7.1:</b> Human Health

				Impact on land values (reduced)	<b>Section 7.8.1:</b> Reduction in Land Value
55.	187608	Objection	N	Pollution (not specified)	<b>Section 7.1:</b> Air Quality
				Increased traffic	<b>Section 7.6.1:</b> Impact of Additional Vehicles on Congestion
56.	187612	Objection	N	Pollution (not specified)	<b>Section 7.1:</b> Air Quality
				Increased traffic	<b>Section 7.6.1:</b> Impact of Additional Vehicles on Congestion
57.	187616	Objection	N	Pollution (not specified)	<b>Section 7.1:</b> Air Quality
				Increased traffic	<b>Section 7.6.1:</b> Impact of Additional Vehicles on Congestion
58.	187620	Objection	N	Pollution (not specified)	<b>Section 7.1:</b> Air Quality
				Increased traffic (trucks)	<b>Section 7.6.1:</b> Impact of Additional Vehicles on Congestion
59.	187624	Objection	N	Pollution (not specified)	<b>Section 7.1:</b> Air Quality
				Increased traffic	<b>Section 7.6.1:</b> Impact of Additional Vehicles on Congestion
60.	186574	Objection	N	Location (proximity to communities and schools)	<b>Section 7.3.1:</b> Proximity to Sensitive Land Uses
61.	186834	Objection	Part Proforma	Refer to submission 186468 for proforma.	N/A
				Health concerns (not specified)	<b>Section 7.1.1:</b> General Impact of Pollutants on Health
				Pollution (not specified)	<b>Section 7.1:</b> Air Quality
62.	186838	Objection	Y	Refer to submission 186834 for proforma.	N/A
63.	186862	Objection	Y	Gaps in EIS (acoustic assessment- not specified, lack of flood modelling, salinity and stormwater treatment plans, clarity on pollutants, emissions limits and odours)	<b>Section 7.10:</b> Gaps in EIS <b>Section 7.7:</b> Odour <b>Section 7.2.2:</b> Uncertainty of Emissions Profile
				Questions whether NSW Health has reviewed or assessed human health concerns	Refer to NSW Health: Western Sydney Local District Submission (ref: 195777)
				Concerns about monitoring and accountability	<b>Section 7.2.1:</b> Adequacy and Feasibility of Mitigation Measures <b>Section 7.4.3:</b> National and State Environmental Legislation and Regulatory Framework
				Does not meet IN1 zone objectives	<b>Section 6.3.1:</b> Land Use and Zone Objectives
				Concerns regarding waste source (possibility of hazardous waste)	<b>Section 7.4.2:</b> Possibility of Hazardous Waste Sources
				Location and design of the development does not encourage a high standard of development	<b>Section 6.15:</b> Design Quality and Visual Amenity

				Environmental impact (critically endangered ecological community, destruction of River-flat Eucalyptus Forest)	<b>Section 7.5.1:</b> Endangered Ecological Communities and Vulnerable Species
				Concerns regarding operation and monitoring (accountability, compliance)	<b>Section 7.2.1:</b> Adequacy and Feasibility of Mitigation Measures <b>Section 7.4.3:</b> National and State Environmental Legislation and Regulatory Framework
				Concerns regarding road designs (not specified)	<b>Section 6.18.3:</b> Precinct Road Realignment
				Conservation management (preservation of artefacts)	<b>Section 7.14.7:</b> Aboriginal Heritage
				Visual impact	<b>Section 7.12:</b> Visual Impact
				Health concerns (residual plume pollution)	<b>Section 7.1.1:</b> General Impact of Pollutants on Health
				Location (proximity to Prospect Reservoir)	<b>Section 7.3.2:</b> Proximity to Prospect Reservoir
				Lack of community involvement and provision of funding for local improvements	<b>Section 7.18.4:</b> Lack of Community Consideration in Planning Decisions
64.	186868	Objection	Y	Refer to submission 186862 for proforma.	N/A
65.	186980	Objection	N	Location (proximity to homes)	<b>Section 7.3.1:</b> Proximity to Sensitive Land Uses
				Health concerns (not specified)	<b>Section 7.1.1:</b> General Impact of Pollutants on Health
				Pollution (toxins)	<b>Section 7.2.2:</b> Uncertainty of Emissions Profile
				Visual impact (EIS does not cover areas where there will be visual impacts- specifically crest at McFarlane Drive)	<b>Section 7.12:</b> Visual Impact
				Proponents operational history (untrustworthy)	<b>Section 7.9:</b> Proponents Operational History
				Technology history (environmental incidents and non-compliance of international facilities)	<b>Section 7.15.1:</b> Operation of International Facilities
				Traffic impacts (trucks, on/off ramps M4 construction)	<b>Section 7.6.1:</b> Impact of Additional Vehicles on Congestion <b>Section 7.6.2:</b> Traffic Safety
				Concerns regarding future monitoring and compliance procedures	<b>Section 7.2.1:</b> Adequacy and Feasibility of Mitigation Measures
66.	187208	Objection	N	Will Minchinbury residents receive free electricity	<b>Section 6.10.3:</b> Transfer of Electricity
				What is the approval and community consultation process going forward	<b>Section 2.2:</b> Approval Pathway
				Pollution (toxic fumes, gasses)	<b>Section 7.2.2:</b> Uncertainty of Emissions Profile <b>Section 7.2.8:</b> Smoke and Smog
				Health concerns (children, cancer)	<b>Section 7.1.2:</b> Specific Health Concerns
67.	187212	Objection	N	No issues specified.	N/A

68.	187348	Objection	N	Health concerns (increased incidence of mortality and disease)	<b>Section 7.1.2:</b> Specific Health Concerns
				Gaps in EIS (not specified)	<b>Section 7.10:</b> Gaps in EIS
69.				Questions source of waste.	<b>Section 7.4.1:</b> Nature of Waste Profile
					<b>Section 4.1:</b> Waste Source and Composition
70.	187420	Objection	N	Impact on land values (reduced)	<b>Section 7.8.1:</b> Reduction in Land Value
				Location (proximity to shops, schools and parks)	<b>Section 7.3.1:</b> Proximity to Sensitive Land Uses
				Odour	<b>Section 7.7.4:</b> Odour from Fumes
				Health concerns (not specified)	<b>Section 7.1.1:</b> General Impact of Pollutants on Health
71.	187502	Objection	N	Location (proximity to residential areas).	<b>Section 7.3.1:</b> Proximity to Sensitive Land Uses
72.	188173	Objection	N	No issues specified	N/A
73.	187610	Objection	N	Health concerns (cancer, unknown future impact of pollution)	<b>Section 7.1.2:</b> Specific Health Concerns
					<b>Section 7.1.6:</b> Delayed Onset of Health Issues
74.	187855	Objection	Y	Refer to submission 186468 for proforma.	N/A
75.	187934	Objection	Part Proforma	Refer to submission 186468 for proforma.	N/A
				Questions the appropriateness of this form of energy technology	<b>Section 7.18.7:</b> Concept of Energy from Waste as 'Green, Renewable' Energy
76.	188067	Objection	N	Location (proximity to schools)	<b>Section 7.3.1:</b> Proximity to Sensitive Land Uses
				Health concerns (respiratory and cardiac diseases)	<b>Section 7.1.2:</b> Specific Health Concerns
				Questions the application process (submissions timeframe, time given to read the EIS and notification of community consultation)	<b>Section 7.17.1:</b> Extent of Community Engagement <b>Section 6.4:</b> Application & Consultation Process
				Questions regulatory standards (ultra-fine and nano particulates)	<b>Section 7.4.3:</b> National and State Environmental Legislation and Regulatory Framework
77.	187478	Objection	N	Questions the size of proposal	<b>Section 7.3.4:</b> Scale
78.				Location (proximity of residential areas)	<b>Section 7.3.1:</b> Proximity to Sensitive Land Uses
79.	187036	Objection	N	Location (proximity to schools, residential areas)	<b>Section 7.3.1:</b> Proximity to Sensitive Land Uses
				Health concerns (workers, residents, inter-generational impact, economic cost)	<b>Section 7.1.6:</b> Delayed Onset of Health Issues <b>Section 7.14.4:</b> Increased Shared Health Costs
				Health and safety of workers in the facility	<b>Section 7.4.5:</b> Safety Risks

				Negative impact on ecosystems (not specified)	Section 7.5: Environmental Impacts Section 6.5: Operation
				Questions appropriateness of this form of energy technology	Section 7.18.7: Concept of Energy from Waste as 'Green, Renewable' Energy
80.	187148	Objection	Y	Refer to submission 186468 for proforma.	N/A
81.	186842	Objection	Y	Refer to submission 186834 for proforma.	N/A
82.	187797	Objection	N	Environmental impact (not specified)	Section 7.5: Environmental Impacts
				Location (in a built-up area)	Section 7.3.3: Alternative Site Location
83.	186844	Objection	Y	Refer to submission 186834 for proforma.	N/A
84.	188101	Objection	Y	Refer to submission 186468 for proforma.	N/A
85.	187245	Objection	Y	Refer to submission 186468 for proforma.	N/A
86.	187268	Objection	N	No issues specified.	N/A
87.	187560	Objection	N	Location (proximity to water supply, residential areas)	Section 7.3.1: Proximity to Sensitive Land Uses Section 7.3.2: Proximity to Prospect Reservoir
				Health concerns (not specified)	Section 7.1.1: General Impact of Pollutants on Health
				Emissions (inadequacy of filtration, gasses, harmful chemicals)	Section 7.2.1: Adequacy and Feasibility of Mitigation Measures Section 7.2.2: Uncertainty of Emissions Profile
88.	187638	Objection	N	Location (proximity of residential areas)	Section 7.3.1: Proximity to Sensitive Land Uses
				Health concerns (not specified)	Section 7.1.1: General Impact of Pollutants on Health
89.	187656	Objection	N	Health concerns (not specified)	Section 7.1.1: General Impact of Pollutants on Health
90.	186606	Objection	N	Health concerns (children)	Section 7.1.1: General Impact of Pollutants on Health
				Emissions (toxic hazardous fumes)	Section 7.2.2: Uncertainty of Emissions Profile
91.	187396	Objection	N	Health concerns (not specified)	Section 7.1.1: General Impact of Pollutants on Health
92.	186728	Objection	N	Health concerns (children)	Section 7.1.7: Children's Health
				Possibility of human error or mechanical failure (increased pollutants)	Section 7.4.4: Facility Shutdown Section 7.4.5: Safety Risks
93.	186796	Objection	Y	Refer to submission 186468 for proforma.	N/A
94.	187716	Objection	N	Location (proximity to water supply, residential areas)	Section 7.3.1: Proximity to Sensitive Land Uses Section 7.3.2: Proximity to Prospect Reservoir

				Pollution (not specified)	<b>Section 7.2.2:</b> Uncertainty of Emissions Profile
				Noise impacts (not specified)	<b>Section 7.11:</b> Noise Concerns
95.	188222	Objection	Y	Environmental impact (not specified)	<b>Section 7.5:</b> Environmental Impacts
				Impact on land value (reduced)	<b>Section 7.8.1:</b> Reduction in Land Value
				Questions monitoring procedures	<b>Section 7.4:</b> Proposed Operational and Monitoring Procedures
96.	188231	Objection	Y	Refer to submission 188222 for proforma.	N/A
97.	188165	Objection	N	Health concerns (not specified)	<b>Section 7.1.1:</b> General Impact of Pollutants on Health
98.	186646	Objection	N	No issues specified	N/A
99.	187690	Objection	N	Health concerns (not specified)	<b>Section 7.1.1:</b> General Impact of Pollutants on Health
100.	187869	Objection	N	No issues specified	N/A
101.	186608	Objection	N	No issues specified	N/A
102.	186918	Objection	Y	Refer to submission 186468 for proforma.	N/A
103.	187224	Objection	N	Air quality (toxins)	<b>Section 7.2.2:</b> Uncertainty of Emissions Profile
				Health concerns (cancer and other diseases)	<b>Section 7.1.2:</b> Specific Health Concerns
				Perception that Western Sydney is a 'trash area'	<b>Section 7.18.3:</b> Perception of Western Sydney as a 'Dumping Ground'
104.	187686	Objection	N	Health concerns (asthma)	<b>Section 7.1.2:</b> Specific Health Concerns
105.	187879	Objection	Y	Refer to submission 186468 for proforma.	N/A
106.	186610	Objection	Y	Refer to submission 186468 for proforma.	N/A
107.	187584	Objection	N	Location (proximity to residential areas)	<b>Section 7.3.1:</b> Proximity to Sensitive Land Uses

205.	186694	Objection	Y	Refer to submission 186698 for proforma.	N/A
206.	186828	Objection	N	“Admission” from proponent of an increase in ultrafine particulate emissions	<b>Section 7.1.4:</b> Admission of Human Health Risk by the Proponent

				Environmental impact (rainwater tanks, Prospect Reservoir, home grown produce)	<b>Section 7.5.2:</b> Contamination of Soil and Water by Pollutants
				Health concerns (ultra fine and nano particulates,, cardiac and respiratory diseases)	<b>Section 7.1.2:</b> Specific Health Concerns <b>Section 7.2.4:</b> PM2.5 Particulates
				Questions the existence of air quality standards, license conditions and other regulatory measures which protect against ultrafine particulates smaller than PM2.5	<b>Section 7.2.4:</b> PM2.5 Particulates <b>Section 7.4.3:</b> National and State Environmental Legislation and Regulatory Framework
				Questions operating procedures of similar international projects	<b>Section 7.15.1:</b> Operation of International Facilities
				Concern that Australia has no Thermal Waste Incinerator policies and the European framework being followed is outdated (16 years old)	<b>Section 7.4.3:</b> National and State Environmental Legislation and Regulatory Framework
207.	187590	Objection	N	Health concerns (not specified)	<b>Section 7.1.1:</b> General Impact of Pollutants on Health
				Location (not Eastern Creek: not specified)	<b>Section 7.3.3:</b> Alternative Site Location
				Supports project concept	N/A
208.	186832	Objection	N	Concerns regarding the use of the bio retention basin will result in untreated water contaminating soil and vegetation	<b>Section 7.5.2:</b> Contamination of Soil and Water by Pollutants
				Contamination of soil and water supplies: specifically Ropes Creek and larger catchment areas (toxic metals, toxic chemicals,ultra fine and nano particulates, silt and sedimentation)	<b>Section 7.5.2:</b> Contamination of Soil and Water by Pollutants
				Economic concerns (contamination of food and water supplies)	<b>Section 7.5.2:</b> Contamination of Soil and Water by Pollutants
209.	187718	Objection	Y	Refer to submission 186468 for proforma.	N/A
210.	186692	Objection	N	Location (proximity to homes, children)	<b>Section 7.3.1:</b> Proximity to Sensitive Land Uses
				Health concerns (not specified)	<b>Section 7.1.1:</b> General Impact of Pollutants on Health
				Traffic impact (construction of new road on Archbold St, trucks)	<b>Section 7.6.1:</b> Impact of Additional Vehicles on Congestion
				Impact on land value (reduced)	<b>Section 7.8.1:</b> Reduction in Land Value
211.	188240	Objection	N	Contamination of water supply	<b>Section 7.5.2:</b> Contamination of Soil and Water by Pollutants
				Health concerns (not specified)	<b>Section 7.3.2:</b> Proximity to Prospect Reservoir
				Location (densely populated area)	<b>Section 7.3.3:</b> Alternative Site Location
212.	186848	Objection	Y	Refer to submission 186468 for proforma.	N/A
213.	187100	Objection	N	Health concerns (not specified)	<b>Section 7.1.1:</b> General Impact of Pollutants on Health
				Impact on land values (reduced)	<b>Section 7.8.1:</b> Reduction in Land Value

				Location (not supported by local community)	<b>Section 7.18.1:</b> Community Benefit
214.	188242	Objection	N	Location (near homes)	<b>Section 7.3.1:</b> Proximity to Sensitive Land Uses
				Environmental impact (not specified)	<b>Section 7.5:</b> Environmental Impacts
215.	186714	Objection	Y	Refer to submission 186698 for proforma.	N/A
216.	187522	Objection	Y	Refer to submission 186468 for proforma.	N/A
217.	187522	Objection	N	Environmental impact (not specified)	<b>Section 7.5:</b> Environmental Impacts
				Concerns regarding operational procedures (efficiency of EPA)	<b>Section 7.2.1:</b> Adequacy and Feasibility of Mitigation Measures
				Health concerns (not specified)	<b>Section 7.1.1:</b> General Impact of Pollutants on Health
218.	191682	Objection	N	Location (proximity to residential areas, schools, workplaces)	<b>Section 7.3.1:</b> Proximity to Sensitive Land Uses
				Odour (worsen existing issues)	<b>Section 7.7.1:</b> Cumulative Odour Impact
				Questions source and nature of waste	<b>Section 7.4.1:</b> Nature of Waste Profile <b>Section 4.1:</b> Waste Source and Composition
				Perceived gaps in the EIS including: lack of consideration of climate change heat impacts (plant shuts down at 37 degrees)	<b>Section 7.10:</b> Gaps in EIS <b>Section 7.5.4:</b> Contribution to Climate Change <b>Section 7.15.2:</b> Facility Shutdown at 37 Degrees
				Emissions (carcinogens)	<b>Section 7.2.2:</b> Uncertainty of Emissions Profile
				Questions proponent's operational history (untrustworthy)	<b>Section 7.9:</b> Proponents Operational History
				Questions operational and monitoring procedures (efficiency of EPA, inadequate inspection techniques)	<b>Section 7.2.1:</b> Adequacy and Feasibility of Mitigation Measures
				Concerned soil, odour, water and contamination assessments are incomplete	<b>Section 7.10.4:</b> Incomplete Soil and Water Contamination Assessment
				Concerned EIS information has not been independently reviewed	<b>Section 7.18.9:</b> Lack of Support from Government Agencies, Council and Independent Reviews
				Concerns regarding the proponent's political donations	<b>Section 7.9.4:</b> Nature of Political Donations
219.	191626	Objection	N	Location (proximity to densely populated areas, schools)	<b>Section 7.3.1:</b> Proximity to Sensitive Land Uses <b>Section 7.3.3:</b> Alternative Site Location
				Emissions (toxic, smog, airborne fine particles, PM2.5, toxic metals, arsenic, mercury, cadmium, dioxin, fly ash)	<b>Section 7.2.2:</b> Uncertainty of Emissions Profile
				Health concerns (dioxin, PM2.5, cancer 'clusters')	<b>Section 7.1.2:</b> Specific Health Concerns <b>Section 7.1.3:</b> Evidence Pollutants are Harmful to Human Health

					<b>Section 7.1.5:</b> Dioxins <b>Section 7.2.4:</b> PM2.5 Particulates
				Noise impacts (construction, traffic, operational)	<b>Section 7.11:</b> Noise Concerns
				Questions compliance with the “Renewable Energy (Electricity) Act 2000” as it excludes plastics and wood	<b>Section 7.13.5:</b> Renewable Energy (Electricity) Act 2000
				Environmental concerns (clearing of Eucalyptus River Flat Forest)	<b>Section 7.5.1:</b> Endangered Ecological Communities and Vulnerable Species
				Concerns regarding issues raised by EPA’s assessment of the air quality and human health reports	<b>Section 6:</b> Response to Government, Agency and Industry Submissions
				Concerns the risk assessment has not be prepared against Australian standards/guidance	<b>Section 6.19:</b> Preliminary Hazard Analysis
				Adopts the position of Blacktown Council. Refer submission 188212 for proforma.	N/A
				Associated to submission 191572.	N/A
220.	191572	Objection	Duplicate	Duplicate of 191626.	N/A
221.	191314	Objection	N	Location (proximity to Employment Lands Precinct, densely populated areas, schools, open spaces, water supply, playgrounds, shops)	<b>Section 7.3:</b> Suitability of Location
				Health concerns (cancer, respiratory issues, irritation of eyes, nose, throat and lungs, asthma, cardiac issues, organ functioning, diabetes, gestational issues, other)	<b>Section 7.1.2:</b> Specific Health Concerns <b>Section 7.1.3:</b> Evidence Pollutants are Harmful to Human Health
				Emissions (toxins)	<b>Section 7.2.2:</b> Uncertainty of Emissions Profile
				Risk assessment does not consider the complexity of human health or ‘lag-time’ of toxic effects	<b>Section 7.1.6:</b> Delayed Onset of Health Issues
				Impact on land value (reduced)	<b>Section 7.8.1:</b> Reduction in Land Value
222.	191584	Objection	N	Location (proximity to densely populated areas, families, Prospect Reservoir, schools, open spaces, aged care facilities, workplaces)	<b>Section 7.3:</b> Suitability of Location
				Concerns regarding the length and detail of EIS (purposeful)	<b>Section 7.10.8:</b> Comprehensibility
				Health concerns (cancer, worsen respiratory conditions)	<b>Section 7.1.2:</b> Specific Health Concerns
				Air quality (toxic particles, worsen existing conditions,	<b>Section 7.2.3:</b> Cumulative Impact on Air Quality
				Concerns regarding monitoring procedures (no technology to measure small particles)	<b>Section 7.2.4:</b> PM2.5 Particulates

					<b>Section 7.2.1:</b> Adequacy and Feasibility of Mitigation Measures
				Questions proponent's operational history (untrustworthy)	<b>Section 7.9:</b> Proponents Operational History
				Concerns that technology is being 'phased out' in Europe	<b>Section 7.15.1:</b> Operation of International Facilities
				Impact on land values (reduced)	<b>Section 7.8.1:</b> Reduction in Land Value
				Questions values of fat in breast milk used to measure contamination	<b>Section 7.18.8:</b> Misinformation
223.	191600	Objection	N	Concerns the project has stopped other recycling or reuse plans	<b>Section 7.16.1:</b> Reduction in Recycling
				Emissions (dioxins, flue gases, toxins, acid gases, nitrogen oxide, heavy metals, particulates)	<b>Section 7.1.1:</b> General Impact of Pollutants on Health <b>Section 7.1.5:</b> Dioxins
				Energy produced too small	<b>Section 7.18.1:</b> Community Benefit
				High costs associated with construction, operation and maintenance will result in other waste generators using alternative methods of disposal	<b>Section 7.16.1:</b> Reduction in Recycling
				Health concerns (carcinogens)	<b>Section 7.1.2:</b> Specific Health Concerns
				Concerns waste production will increase as the facility requires large volumes of waste to run	<b>Section 7.16.3:</b> Waste Importation
				Concerns the proposal will reduce recycling rates	<b>Section 7.16.1:</b> Reduction in Recycling
224.	191762	Objection	N	Concerns regarding the measurement of particulate matters (2.5microns) and technology limitations	<b>Section 7.2.4:</b> PM2.5 Particulates
				Health concerns (toxins, asthma)	<b>Section 7.1.2:</b> Specific Health Concerns
				Pollution (worsen existing conditions, wind and air conditions cause stagnation)	<b>Section 7.2.3:</b> Cumulative Impact on Air Quality
				Inefficiencies of technology due to shut down at 37 degrees	<b>Section 7.15.2:</b> Facility Shutdown at 37 Degrees
				Concern that reduction in emissions is reliant upon a reduction of coal fire stations	<b>Section 7.10.1:</b> Adequacy of Emissions Modelling
				'Admission' of human health risk	<b>Section 7.1.4:</b> Admission of Human Health Risk by the Proponent
				Questions proponent's operational history (untrustworthy)	<b>Section 7.9:</b> Proponents Operational History
				Concerns the proposal will reduce recycling rates	<b>Section 7.16.1:</b> Reduction in Recycling
				Impact on land values (reduced)	<b>Section 7.8.1:</b> Reduction in Land Value
				Visual impact (chimney stacks)	<b>Section 7.12.2:</b> Visual Impact of Stacks
				Emissions (concerns burning temperature is not high enough to reduce toxins,	<b>Section 6.6.3:</b> Waste Mixing and Homogenisation

				particulate matter, dioxins, chlorine)	
225.	191430	Objection	N	Health concerns (PM2.5, asthma, respiratory and circulatory diseases)	<b>Section 7.2.4:</b> PM2.5 Particulates <b>Section 7.1.2:</b> Specific Health Concerns
				Air quality (existing wind conditions, stagnation of pollution, climatic conditions)	<b>Section 7.2.3:</b> Cumulative Impact on Air Quality
				Inefficiencies of technology due to shut down at 37 degrees	<b>Section 7.15.2:</b> Facility Shutdown at 37 Degrees
				Concerned emissions will be increased during a shut down	<b>Section 7.2.5:</b> Increase in Emissions During Shutdown Event
				Location (not suited to environment)	<b>Section 7.3:</b> Suitability of Location
				Emissions (assumed particulate matter, hydrogen chloride, hydrogen fluoride, carbon monoxide, sulphur dioxide, oxides of nitrogen, heavy metals, gaseous and vaporous organic substances, dioxins, furans)	<b>Section 7.1.1:</b> General Impact of Pollutants on Health
				Questions monitoring and measurement of emissions	<b>Section 7.2.1:</b> Adequacy and Feasibility of Mitigation Measures
				Questions source and nature of waste	<b>Section 7.4.1:</b> Nature of Waste Profile <b>Section 4.1:</b> Waste Source and Composition
				Concern regarding lack of regulatory standards for ambient air quality monitoring of PM2.5	<b>Section 7.2.4:</b> PM2.5 Particulates <b>Section 7.4.3:</b> National and State Environmental Legislation and Regulatory Framework
				Concern regarding temporary storage of fly ash (not specified)	<b>Section 6.6.4:</b> By-product: Treatment and Destination
				Concerns putrescible waste will be accepted	<b>Section 7.4.1:</b> Nature of Waste Profile <b>Section 4.1:</b> Waste Source and Composition
				Questions proponent's operational history (untrustworthy)	<b>Section 7.9:</b> Proponents Operational History
226.	191778	Objection	N	Location (proximity to residential areas)	<b>Section 7.3.3:</b> Alternative Site Location
				Emissions (chemicals, fly ash)	<b>Section 7.1.1:</b> General Impact of Pollutants on Health
				Economic concerns (increased health care costs, business absenteeism caused by illness, unemployment)	<b>Section 7.14.3:</b> Economic Impact of Health on Business Operations <b>Section 7.14.4:</b> Increased Shared Health Costs
				Questions proponent's operational history (untrustworthy)	<b>Section 7.9:</b> Proponents Operational History
				Health concerns (not specified)	<b>Section 7.1.1:</b> General Impact of Pollutants on Health
				Inappropriate form of energy technology	<b>Section 1.3:</b> Project Benefits
227.	190457	Objection	N	Adopts the position of Blacktown City Council. Refer to submission 188212 for proforma	N/A

				Perceived gaps in EIS (no quality longitudinal data on impact to health, and pet health)	<b>Section 7.10.3:</b> Accuracy of Human Health Risk Assessment <b>Section 7.1.6:</b> Delayed Onset of Health Issues
				Environmental impact (flora and fauna: not specified)	<b>Section 7.5.1:</b> Endangered Ecological Communities and Vulnerable Species
				Impact on land value (reduced)	<b>Section 7.8.1:</b> Reduction in Land Value
				Pollution (not specified)	<b>Section 7.1:</b> Air Quality
228.	191216	Objection	N	Environmental impacts (acid rain, ground level ozone worsening, worsening climate change)	<b>Section 7.2.6:</b> Impact on Ground Level Ozone <b>Section 7.5.4:</b> Contribution to Climate Change
				Health concerns (respiratory and heart conditions)	<b>Section 7.1.2:</b> Specific Health Concerns
				Air quality (existing wind and air conditions)	<b>Section 7.2.3:</b> Cumulative Impact on Air Quality
				Emissions (carbon dioxide, PM2.5, ground level ozone, toxic ash, heavy metals, dioxins, furans)	<b>Section 7.1.1:</b> General Impact of Pollutants on Health <b>Section 7.2.6:</b> Impact on Ground Level Ozone
				Concerns the project will limit future waste management innovation	<b>Section 7.16.1:</b> Reduction in Recycling
				'Admission' of human health impacts	<b>Section 7.1.4:</b> Admission of Human Health Risk by the Proponent
				Perceived gaps in EIS (not specified)	<b>Section 7.10:</b> Gaps in EIS
229.	191195	Objection	N	Questions proponent's operational history (untrustworthy)	<b>Section 7.9:</b> Proponents Operational History

				Concerns the proposal does not meet local Australian regulations	<b>Section 7.2.1:</b> Adequacy and Feasibility of Mitigation Measures
				Concerns site contamination investigations have not been conducted as per EPA guidelines	<b>Section 7.4.3:</b> National and State Environmental Legislation and Regulatory Framework
				Noise impact (from cooling system fans)	<b>Section 7.5.3:</b> Site Contamination
				Concerns residual ash will be sent to landfill	<b>Section 7.11.3:</b> Air-conditioning Unit Noise
				Location (proximity to Ropes Creek)	<b>Section 6.6.4:</b> By-product: Treatment and Destination
				Concerns the EIS does not identify whether the development is ‘Integrated Development’	<b>Section 7.3:</b> Suitability of Location
				Questions the developments compliance with the ‘Broader Western Sydney Employment Area Draft Structure Plan 2013’ due to employment targets	<b>Section 6.3.1:</b> Land Use Zone and Zone Objectives
				Health concerns (not specified)	<b>Section 7.13.4:</b> Broader Western Sydney Employment Area Draft Structure Plan 2013
					<b>Section 7.1.1:</b> General Impact of Pollutants on Health

268.	186798	Objection	N	<p>Emissions (toxic)</p> <p>Concerned about 37 degree shutdown (as temperatures continue to increase, increase in dioxins)</p> <p>Health concerns (not specified)</p> <p>Attachment provided: Weather charts</p>	Section 7.1.1: General Impact of Pollutants on Health
					Section 7.2.5: Increase in Emissions During Shutdown Event
					Section 7.1.1: General Impact of Pollutants on Health
					Section 7.10.1: Adequacy of Emissions Modelling
269.	186560	Objection	No	<p>Location (proximity to residential areas, schools)</p> <p>Concerned there is no appropriate model due to the size of the facility</p> <p>Concerned there are no guarantees of minimal health risks</p> <p>Emissions (ash, steam plume, traffic emissions)</p> <p>Traffic impact (increased congestion)</p> <p>Health concerns (dioxins)</p>	Section 7.3.1: Proximity to Sensitive Land Uses
					Section 7.3.4: Scale
					Section 6.8.1: Reference Facilities
					Section 7.2.7: Emissions Produced by Additional Vehicles
					Section 7.6.1: Impact of Additional Vehicles on Congestion
					Section 7.1.5: Dioxins
270.	190621	Objection	No	<p>Concerns project does not encourage recycling</p> <p>Concerns project will inhibit future waste management innovation</p> <p>‘Admission’ of toxic emissions</p> <p>Emissions (dioxins, acid gases, particulates, furans and heavy metals)</p> <p>Pollution (no safe level for human health, airborne toxins, arsenic residue from treated wood, vehicle emissions)</p> <p>Concerned proposal lacks clarity on hazardous waste disposal procedures</p> <p>Concerned the proposal is based on probable outcomes</p> <p>Location (proximity to residential areas, community facilities, schools, workers, Prospect Reservoir)</p> <p>Noise impact (24-hour operations, construction)</p> <p>Construction impact (dust, extension of general hours during some periods)</p> <p>Air quality (worsen existing conditions)</p> <p>Health concerns (not specified)</p> <p>Concerns technology is out-dated and unsafe</p> <p>Concerned processing of waste will reach the maximum 1.35 million tonnes proposed</p>	Section 7.16.1: Reduction in Recycling
					Section 7.16: Impact of Proposed Development on Waste Management Facilities and Methods
					Section 7.1.4: Admission of Human Health Risk by the Proponent
					Section 7.1.1: General Impact of Pollutants on Health
					Section 7.1.5: Dioxins
					Section 7.2.7: Emissions Produced by Additional Vehicles
					Section 6.6.4: By-product: Treatment and Destination
					Section 7.10.1: Adequacy of Emissions Modelling
					Section 7.3.1: Proximity to Sensitive Land Uses
					Section 7.11.2: Construction Noise
					Section 7.11.1: Impact of 24-hour Facility Operation
					Section 7.2.3: Cumulative Impact on Air Quality
					Section 7.1.1: General Impact of Pollutants on Health

				<p>Questions waste source</p> <p>Concerns regarding ‘admission’ of the destruction of a culturally significant site (Darug People)</p> <p>Environmental concerns (River Flat Eucalypt Forest, relocated animals, Cumberland Plain Woodland)</p> <p>Economic impact (taxpayer funding for continual air pollution monitoring, baseline studies)</p>	<b>Section 6.8:</b> Adequacy of Technology
					<b>Section 3:</b> Proposed Project Amendments
					<b>Section 7.4.1:</b> Nature of Waste Profile
					<b>Section 4.1:</b> Waste Source and Composition
					<b>Section 7.5.1:</b> Endangered Ecological Communities and Vulnerable Species
271.	185990	Objection	N	<p>Adequacy of data (emissions)</p> <p>Health concerns</p> <p>Site suitability (proximity to schools/ houses)</p>	<b>Section 7.14.6:</b> Cost of Air Pollution Monitoring and Baseline Studies
					<b>Section 7.10.1:</b> Adequacy of Emissions Modelling
					<b>Section 7.1.1:</b> General Impact of Pollutants on Health
272.	186098	Objection	N	<p>Health impacts (respiratory)</p> <p>Seeks compensation</p> <p>Site suitability (suggests dense bushland, proximity to houses)</p>	<b>Section 7.3.1:</b> Proximity to Sensitive Land Uses
					<b>Section 7.1.2:</b> Specific Health Concerns
					<b>Section 7.8.2:</b> Compensation

				Lack of information provided (source of waste, procedures and processes, storage of waste, predictions of emissions inaccurate)	Section 7.10.1: Adequacy of Emissions Modelling
				Site suitability (fails to comply with zoning, proximity to residential area)	Section 7.4.1: Nature of Waste Profile
				Health concerns of project in addition to effects of airport	Section 4.1: Waste Source and Composition
				Need to apply precautionary principle	Section 6.3.1: Land Use Zone and Zone Objectives
					Section 7.2.3: Cumulative Impact on Air Quality
481.	185182	Objection	N	Site suitability (proximity to residential area, schools)	Section 7.3.1: Proximity to Sensitive Land Uses
				Wants compensation for impact on property value	Section 7.8.2: Compensation
482.	186018	Objection	N	Site suitability (proximity to residential area)	Section 7.3.1: Proximity to Sensitive Land Uses
				Area lacking in social infrastructure (schools, hospitals, transport systems)	Section 7.3: Suitability of Location
				Community unable to respond due to low literacy skills	Noted.
				Impact on property values	Section 7.8.1: Reduction in Land Value
				Health concerns (economic impact on health system)	Section 7.14.4: Increased Shared Health Costs
483.	185231	Objection	N	Site suitability (proximity to residential area, more suited to rural area)	Section 7.3.3: Alternative Site Location

484.	185243	Objection	N	Site suitability (proximity to residential area, schools, sporting fields)  Health concerns	Section 7.3.1: Proximity to Sensitive Land Uses
					Section 7.1.1: General Impact of Pollutants on Health
485.	186410	Objection	N	Air quality (emissions polluting air)  Health concerns (cancer)  Environmental and health impacts of airport and facility  Site suitability (suggest area out of Sydney)	Section 7.1: Air Quality
					Section 7.1.2: Specific Health Concerns
					Section 7.2.3: Cumulative Impact on Air Quality
					Section 7.3.3: Alternative Site Location
486.	185003	Objection	N	Environmental impact  Health concerns (reparations for health impacts)  Suggests other environmental options such as encouraging recycling	Section 7.5: Environmental Impacts
					Section 7.1.1: General Impact of Pollutants on Health
					Section 7.16.1: Reduction in Recycling
487.	185980	Objection	N	Site suitability- area already affected by tip (smell, pollution)	Section 7.7.2: Prior Existence of Offensive Odours
488.	185592	Objection	N	Health concerns (asthma)  Site suitability- area already affected by tip (smell), proximity to residential area and school	Section 7.1.2: Specific Health Concerns
					Section 7.3.1: Proximity to Sensitive Land Uses Section 7.7.2: Prior Existence of Offensive Odours
489.	184602	Objection	N	Health concerns	Section 7.1.1: General Impact of Pollutants on Health
490.	182572	Objection	N	Site suitability (proximity to residential area)  Health concerns (respiratory issues, asthma, impact on medical resources)  Politics (how will this impact carbon tax)  Area already affected by pollution and emissions from motorway, highway and industrial area)  Air quality (emissions)	Section 7.3.1: Proximity to Sensitive Land Uses
					Section 7.1.2: Specific Health Concerns
					Section 7.14.4: Increased Shared Health Costs
					Section 7.13: Non-Compliance with International and National Regulations
					Section 7.2.3: Cumulative Impact on Air Quality
					Section 7.1: Air Quality
491.	184598	Objection	N	Health concerns	Section 7.1.1: General Impact of Pollutants on Health
492.	186520	Objection	Y	Refer to submission 186556	N/A
493.	184549	Objection	N	Health concerns  Site suitability (proximity to residential area, impact of future airport in addition, more suited to rural area)	Section 7.1.1: General Impact of Pollutants on Health
					Section 7.3.3: Alternative Site Location

494.	179640	Objection	N	Site suitability (proximity to residential area)  Health concerns (emissions harmful to children)	Section 7.3.1: Proximity to Sensitive Land Uses
					Section 7.1.7: Children's Health
495.	184937	Objection	N	Health concerns (mercury poisoning, risk of cancer, chronic fatigue and cognitive dysfunction from emissions)  Impact on animals (deformities)	Section 7.1.2: Specific Health Concerns
					Section 7.5: Environmental Impacts
496.	184573	Objection	N	Health concerns (emissions)  Smell forcing children to play indoors	Section 7.1.1: General Impact of Pollutants on Health
					Section 7.7.4: Odour from Fumes
497.	176841	Objection	N	Site suitability (proximity to residential area, more suited to rural area)  Maintenance (who will pay for cost of maintaining the facility)  Health concerns (birth defects, cancer and cell damage from emissions)	Section 7.3.3: Alternative Site Location
					Section 7.14.5: Cost of Operations
					Section 7.1.2: Specific Health Concerns
498.	184234	Objection	N	Health concerns (emissions, cancer)  Site suitability (proximity to residential area)	Section 7.1.2: Specific Health Concerns
					Section 7.3.1: Proximity to Sensitive Land Uses
499.	184869	Objection	N	Health concerns	Section 7.1.1: General Impact of Pollutants on Health
500.	184561	Objection	N	Lack of adequate community consultation (information uses jargon and public are unable to understand, need a public hearing and media announcements)  Environmental impact (compounding impact of M4, M7, airport, tip and facility in single area)  Increase in traffic and noise  Air quality (emissions)  Site suitability (proximity to residential area)	Section 7.17.1: Extent of Community Engagement
					Section 7.10.8: Comprehensibility
					Section 7.2.3: Cumulative Impact on Air Quality
					Section 7.11: Noise Concerns
					Section 7.6: Traffic Impacts
					Section 7.1: Air Quality
501.	184310	Objection	N	No specific issue raised	Section 7.3.1: Proximity to Sensitive Land Uses
					N/A
					Section 7.3.1: Proximity to Sensitive Land Uses
502.	184314	Objection	N	Health concerns (impact of facility and airport emissions)  Site suitability (proximity to residential area, concerned west is a 'dumping ground')	Section 7.2.3: Cumulative Impact on Air Quality
					Section 7.3.1: Proximity to Sensitive Land Uses
					Section 7.18.3: Perception of Western Sydney as a 'Dumping Ground'

				Need more environmental tests which include airport emissions	<b>Section 7.2.3:</b> Cumulative Impact on Air Quality
503.	184653	Objection	N	Health concerns (proximity to residential area, schools)	<b>Section 7.3.1:</b> Proximity to Sensitive Land Uses
504.	184320	Objection	N	Area already affected by smell of tip and future Badgerys Creek area, site is unsuitable	<b>Section 7.7.2:</b> Prior Existence of Offensive Odours <b>Section 7.2.3:</b> Cumulative Impact on Air Quality
505.	185053	Objection	N	Site suitability (Western Sydney not suitable for facility)	<b>Section 7.3.3:</b> Alternative Site Location
506.	185226	Objection	N	Community consultation (inadequate information provided on emissions levels, consultation did not address health of the residents)  Smell (area already affected by tip, site unsuitable for another waste management facility)	<b>Section 7.17.1:</b> Extent of Community Engagement <b>Section 7.1.1:</b> General Impact of Pollutants on Health
					<b>Section 7.7.1:</b> Cumulative Odour Impact
507.	185966	Objection	N	Air quality (emissions will pollute air, release of carbon dioxide into the environment)  Facility undermines resource management strategies, need to conserve natural resources  Health concerns (emissions will impact resident and employee health)  Site suitability (proximity to residential area and reservoir)  Facility is in breach with Stockholm Convention  Burning of waste will impact recycling and waste industries and impact employment opportunities	<b>Section 7.2.2:</b> Uncertainty of Emissions Profile
					<b>Section 7.16:</b> Impact of Proposed Development on Waste Management Facilities and Methods
					<b>Section 7.1.1:</b> General Impact of Pollutants on Health
					<b>Section 7.3:</b> Suitability of Location
					<b>Section 7.13.2:</b> Stockholm Convention
					<b>Section 7.16:</b> Impact of Proposed Development on Waste Management Facilities and Methods
508.	185218	Objection	N	Site suitability (Western Sydney is a growth area, will impact growth of the area)  Health concerns (emissions)  Impact on property values	<b>Section 7.3:</b> Suitability of Location
					<b>Section 7.1.1:</b> General Impact of Pollutants on Health
					<b>Section 7.8.1:</b> Reduction in Land Value
509.	185239	Objection	N	Site suitability (proximity to residential area, more suited to rural area)  Air quality (deserve fresh air, proposal will pollute air)	<b>Section 7.3.3:</b> Alternative Site Location
					<b>Section 7.1:</b> Air Quality
510.	184284	Objection	N	Site suitability (proximity to residential area and schools)	<b>Section 7.3.1:</b> Proximity to Sensitive Land Uses
511.	185170	Objection	N	Community consultation (lack of notification to residences in Penrith, no opportunity to object proposal)	<b>Section 7.17.1:</b> Extent of Community Engagement  The public exhibition of the proposal allows all interested parties to prepare a submission which can be in support, objection or provide comments on the

					project.

					Section 7.3.1: Proximity to Sensitive Land Uses
849.	188646	Objection	N	Air quality (worsen existing conditions, geographic effect) Health concerns (asthma, respiratory conditions) Perception of Western Sydney as a 'dumping ground'	Section 7.2.3: Cumulative Impact on Air Quality
					Section 7.1.2: Specific Health Concerns
					Section 7.18.3: Perception of Western Sydney as a 'Dumping Ground'
850.	188550	Objection	Y	Refer to submission 186468 for proforma	N/A
851.	188544	Objection	Y	Refer to submission 186468 for proforma	N/A
852.	188528	Objection	N	Gaps in EIS:  Does not address need for development, or justification for development/site suitability, public interest  Ramboll document/Human Health Risk Assessment does not address cumulative effect of chlorine from treated wood (accuracy needed)  Concerns facility will reduce recycling innovation (wood)  Emissions rates do not take into account existing or future pollution  Ozone impact used average weather pattern over 6 days in 2009 (does not consider days over 37 degrees)  Method of greenhouse gas emissions savings is inaccurate and not justified  Health concerns (no guarantee)	Section 7.10: Gaps in EIS
					Section 7.3: Suitability of Location
					Section 1.3: Project Benefits
					Section 7.18.1: Community Benefit
					Section 7.10.5: Failure to Respond to SEARS Requirements
					Section 7.16.1: Reduction in Recycling
					Section 7.10.3: Accuracy of Human Health Risk Assessment
					Section 7.10.1: Adequacy of Emissions Modelling
					Section 7.2.6: Impact on Ground Level Ozone
					Section 6.13: Greenhouse Gas Emissions
					Section 7.1.1: General Impact of Pollutants on Health
					Section 7.2.3: Cumulative Impact on Air Quality
853.	188516	Objection	N	Air quality (fly ash, no guarantee) Health concerns (lung conditions, skin diseases, cancer) Odour (from existing site) Impact on land value (reduced) Noise impact (worsen existing facilities noise impact)	Section 7.10.2: Storage and Disposal of Residual Ash
					Section 7.1.2: Specific Health Concerns
					Section 7.7.2: Prior Existence of Offensive Odours
					Section 7.8.1: Reduction in Land Value

				Location (proximity to children)	<b>Section 7.11:</b> Noise Concerns <b>Section 7.3.1:</b> Proximity to Sensitive Land Uses
854.	188522	Objection	N	Health concerns (not specified) Emissions (micro emissions of toxic metals, dioxins, acid gases)	<b>Section 7.1.1:</b> General Impact of Pollutants on Health <b>Section 7.1.5:</b> Dioxins <b>Section 7.2.2:</b> Uncertainty of Emissions Profile
855.	188520	Objection	N	Perception of Western Sydney as a 'dumping ground'	<b>Section 7.18.3:</b> Perception of Western Sydney as a 'Dumping Ground'
856.	188665	Objection	Y	Refer to submission 186468 for proforma.	N/A
857.	188640	Objection	N	Location (proximity to residential areas, school, workplaces) Concerns international facilities are problematic Concerns modelling is ineffective Concerns technology is being phased out internationally Proponents operational history (untrustworthy) Concerns regarding proponent's political donations Health concerns (not specified)	<b>Section 7.3.1:</b> Proximity to Sensitive Land Uses <b>Section 7.15.1:</b> Operation of International Facilities <b>Section 7.10.1:</b> Adequacy of Emissions Modelling <b>Section 7.9:</b> Proponents Operational History <b>Section 7.9.4:</b> Nature of Political Donations <b>Section 7.1.1:</b> General Impact of Pollutants on Health
858.	188636	Objection	N	Concerns international facilities are problematic Health concerns (children) Proponents operational history (untrustworthy) Odour (worsen existing conditions) Air quality (increased dust) Traffic impact (trucks) Visual impact (stacks) Impact on land values (reduced)	<b>Section 7.15.1:</b> Operation of International Facilities <b>Section 7.9:</b> Proponents Operational History <b>Section 7.1.7:</b> Children's Health <b>Section 7.7.1:</b> Cumulative Odour Impact <b>Section 7.2.4:</b> PM2.5 Particulates <b>Section 7.6.1:</b> Impact of Additional Vehicles on Congestion <b>Section 7.8.1:</b> Reduction in Land Value <b>Section 7.12.2:</b> Visual Impact of Stacks
859.	188562	Objection	N	Quality of life (not specified) Health concerns (not specified)	<b>Section 7.18.2:</b> Quality of Life <b>Section 7.1.1:</b> General Impact of Pollutants on Health

860.	188554	Objection	N	Odour (worsen existing conditions)  Visual impact (not specified)	Section 7.7.1: Cumulative Odour Impact
					Section 7.12: Visual Impact
861.	188777	Objection	N	Perceived gaps in EIS (not specified)  Air quality (temperature inversions, air dispersion not adequate, worsen existing conditions)  Questions waste source and components  Proponents operational history (untrustworthy)  Questions monitoring procedures (insufficient, non-transparent, employee compliance)  Concerns technology is outdated	Section 7.10: Gaps in EIS
					Section 7.2.3: Cumulative Impact on Air Quality
					Section 7.10.1: Adequacy of Emissions Modelling
					Section 7.9: Proponents Operational History
					Section 7.4: Proposed Operational and Monitoring Procedures
					Section 7.18.6: Lack of Transparency from the Proponent
					Section 7.4.1: Nature of Waste Profile
862.	188775	Objection	N	Emissions (toxic, carbon, poisonous, dioxins, geographic effect)  Health concerns (not specified)  Economic impact (increased health cost)	Section 4.1: Waste Source and Composition
					Section 6.8: Adequacy of Technology
					Section 7.1.5: Dioxins
					Section 7.2.3: Cumulative Impact on Air Quality
863.	189213	Objection	N	No assessment of workplace health and safety laws (Model Code of Practice-Safe Design or Structures)  Concerned the NSW Government has no legal power to approve the development under the Waigani Convention and an EPBC referral is needed	Section 7.1.1: General Impact of Pollutants on Health
					Section 7.14.4: Increased Shared Health Costs
					Section 6.12.3: Australian and NSW Policy Context and Protection
864.	189153	Objection	N	Air quality (worsen existing conditions, cumulative impact with airport)  Health concerns (worsen existing diseases)  Perceived gaps in EIS (not specified)  Proponents operational history (untrustworthy)	Section 2.2: Approval Pathway
					Section 7.2.3: Cumulative Impact on Air Quality
					Section 7.1.2: Specific Health Concerns
					Section 7.10: Gaps in EIS
865.	188791	Objection	N	Location (proximity to residential areas)	Section 7.9: Proponents Operational History
					Section 7.3.1: Proximity to Sensitive Land Uses
866.	188929	Objection	N	No issues specified	N/A

867.	188681	Objection	N	Not in public interest  Location (proximity to residential areas)	Section 7.18.1: Community Benefit
					Section 7.3.1: Proximity to Sensitive Land Uses
868.	188704	Objection	N	Air quality (worsen existing conditions, geography)  'Admission' of human health risk  Health concerns (asthma, heart disease)  Concerns technology is being phased out internationally	Section 7.2.3: Cumulative Impact on Air Quality
					Section 7.10.1: Adequacy of Emissions Modelling
					Section 7.1.4: Admission of Human Health Risk by the Proponent
					Section 7.1.2: Specific Health Concerns
870.	188783	Objection	N	Pollution (toxic air, toxic water, bioaccumulation)  Potential accidents (truck transportation of waste)  Location (proximity to residential areas)	Section 7.15.1: Operation of International Facilities
869.	189099	Objection	Y	Refer to submission 186468 for proforma.	N/A
871.	188755	Objection	Part Proforma	Refer to submission 186468 for proforma,  Location (proximity to residential areas, children)  Air quality (geography, worsen existing conditions)	Section 7.5.2: Contamination of Soil and Water by Pollutants
					Section 7.2.3: Cumulative Impact on Air Quality
					Section 7.6.2: Traffic Safety
					Section 7.3.1: Proximity to Sensitive Land Uses
872.	188895	Objection	N	No issues specified.	N/A
873.	189157	Objection	Y	Refer to submission 186468 for proforma.	Section 7.3.1: Proximity to Sensitive Land Uses
874.	188732	Objection	N	Air quality (cumulative impact with airport)  Location (proximity to residential areas, population growth)  Health concerns (lung issues)	Section 7.2.3: Cumulative Impact on Air Quality
					Section 7.3.1: Proximity to Sensitive Land Uses
					Section 7.1.2: Specific Health Concerns
875.	189013	Objection	N	Traffic impact (worsen existing congestion)  Emissions (geography, uncertainty)  Odour  Health concerns (not specified)	Section 7.6.1: Impact of Additional Vehicles on Congestion
					Section 7.2.2: Uncertainty of Emissions Profile
					Section 7.2.3: Cumulative Impact on Air Quality
					Section 7.7.4: Odour from Fumes

					<b>Section 7.1.1:</b> General Impact of Pollutants on Health
876.	188795	Objection	N	Air quality (worsen existing conditions, geographic location, questions whether original concerns have been addressed)  Noise impact (trucks)  Traffic impact (worsen existing congestion)  Quality of life (reduced)  Impact on land value (reduced)	<b>Section 7.2.3:</b> Cumulative Impact on Air Quality
					<b>Section 7.10.1:</b> Adequacy of Emissions Modelling
					<b>Section 7.11.4:</b> Traffic Noise
					<b>Section 7.18.2:</b> Quality of Life
					<b>Section 7.6.1:</b> Impact of Additional Vehicles on Congestion
					<b>Section 7.8.1:</b> Reduction in Land Value
877.	189119	Objection	N	Health concerns (not specified)  Proponents operational history (untrustworthy)	<b>Section 7.1.1:</b> General Impact of Pollutants on Health
					<b>Section 7.9:</b> Proponents Operational History
878.	188683	Objection	N	No issues specified.	N/A
879.	188745	Objection	N	Odour (from existing tip)  Air quality (pollutants, long-term)	<b>Section 7.7.2:</b> Prior Existence of Offensive Odours
					<b>Section 7.2.2:</b> Uncertainty of Emissions Profile
					<b>Section 7.1.6:</b> Delayed Onset of Health Issues
880.	188785	Objection	N	Health concerns (no guarantee)  Impact on land value (reduced)  Concerns regarding operational procedures of international facilities  Odour (from existing tip sites)	<b>Section 7.1.1:</b> General Impact of Pollutants on Health
					<b>Section 7.8.1:</b> Reduction in Land Value
					<b>Section 7.15.1:</b> Operation of International Facilities
					<b>Section 7.7.2:</b> Prior Existence of Offensive Odours
881.	189657	Comment	N	Air quality (uncertainty)  Health concerns (children, no guarantee)  Traffic impact (not specified)  Rooty Hill High School would be interested in having a spokesperson speak to Science classes about the facility  Environmental impact (water quality, organisms)	<b>Section 7.2.2:</b> Uncertainty of Emissions Profile
					<b>Section 7.1.1:</b> General Impact of Pollutants on Health
					<b>Section 7.1.7:</b> Children's Health
					<b>Section 7.6:</b> Traffic Impacts
					Noted.
					<b>Section 7.5:</b> Environmental Impacts

882.	189248	Objection	N	Health concerns (not specified)	<b>Section 7.1.1:</b> General Impact of Pollutants on Health
883.	189409	Objection	N	Emissions (toxic pollutants, dioxins, cumulative impact of future development)  Concern there is no regulatory framework for PM2.5 monitoring	<b>Section 7.2.3:</b> Cumulative Impact on Air Quality  <b>Section 7.1.5:</b> Dioxins
					<b>Section 7.2.4:</b> PM2.5 Particulates
884.	189266	Objection	N	Health concerns (not specified)  Environmental impact (not specified)  Location (proximity to residential areas)	<b>Section 7.1.1:</b> General Impact of Pollutants on Health
					<b>Section 7.5:</b> Environmental Impacts
					<b>Section 7.3.1:</b> Proximity to Sensitive Land Uses
885.	189626	Objection	N	Air quality (toxins)  Location (proximity to residential areas, schools, Prospect Reservoir)  Proponents operational history (untrustworthy)  'Admission' of human health risk  Concerns technology is being phased out in Europe	<b>Section 7.1:</b> Air Quality
					<b>Section 7.3:</b> Suitability of Location
					<b>Section 7.9:</b> Proponents Operational History
					<b>Section 7.1.4:</b> Admission of Human Health Risk by the Proponent
					<b>Section 7.15.1:</b> Operation of International Facilities
886.	189514	Objection	N	Air quality (worsen existing conditions, pollution)	<b>Section 7.2.3:</b> Cumulative Impact on Air Quality
887.	189785	Objection	N	Health concerns (no guarantees)  Location (proximity to residential areas)  Impact on land value (not specified)	<b>Section 7.1.1:</b> General Impact of Pollutants on Health
					<b>Section 7.3.1:</b> Proximity to Sensitive Land Uses
					<b>Section 7.8.1:</b> Reduction in Land Value
888.	189753	Objection	N	Location (proximity to residential areas, workers, environment)  Health concerns (not specified)	<b>Section 7.3.1:</b> Proximity to Sensitive Land Uses
					<b>Section 7.1.1:</b> General Impact of Pollutants on Health
889.	189334	Objection	N	Air quality (worsen existing conditions)  Inadequate technology (not modern, not energy efficient, not cost efficient)	<b>Section 7.2.3:</b> Cumulative Impact on Air Quality
					<b>Section 6.8:</b> Adequacy of Technology
890.	189536	Objection	N	Health concerns (asthma)  Odour	<b>Section 7.1.2:</b> Specific Health Concerns
					<b>Section 7.7.4:</b> Odour from Fumes

				Noise impact (worsen existing conditions)	<b>Section 7.11:</b> Noise Concerns
891.	189767	Objection	N	<p>Traffic impact (increased congestion, pollution)</p> <p>Concern facility will reduce recycling and energy innovation</p> <p>Concern technology is being phased out internationally</p> <p>No public interest</p> <p>Impact on land value (not specified)</p>	<b>Section 7.6.1:</b> Impact of Additional Vehicles on Congestion
					<b>Section 7.16.1:</b> Reduction in Recycling
					<b>Section 7.15.1:</b> Operation of International Facilities
					<b>Section 7.18.1:</b> Community Benefit
					<b>Section 7.8.1:</b> Reduction in Land Value
892.	189813	Objection	N	<p>Health concerns (not specified)</p> <p>Impact on land value (reduced)</p> <p>Economic impact (tourism, Wet n Wild, proposed zoo)</p> <p>Questions source of waste</p> <p>Questions who will operate the site</p>	<b>Section 7.1.1:</b> General Impact of Pollutants on Health
					<b>Section 7.8.1:</b> Reduction in Land Value
					<b>Section 7.14.2:</b> Economic Impact of Reduced Tourism
					<b>Section 7.4.1:</b> Nature of Waste Profile
					<b>Section 4.1:</b> Waste Source and Composition
					<b>Section 6.5:</b> Operation
893.	189873	Objection	N	Location (proximity to residential areas, schools)	<b>Section 7.3.1:</b> Proximity to Sensitive Land Uses
