29/07/21

Dear Ms Shashi

**Teven Quarry (SSD 6422)
REHABILITATION INSPECTION**

Thank you for your time in facilitating the Department of Planning, Industry and Environment's (the Department's) inspection of the Teven Quarry on 8 June 2021 as part of our rehabilitation review of select quarries across NSW.

The review focussed on compliance with consent conditions and management plans relating to:

- Vegetation and landscape management
- Rehabilitation
- Land management and
- Visual impact management.

During the review and inspection, Department officers noted the following:

- Weed management required further attention across the site, particularly in the subtropical rainforest, brushbox forest and other vegetation communities outside of the cleared project areas.

As an outcome of the review, under the provisions of Schedule 2 condition 4 of SSD 6422, the Department requests an update confirming the maintenance schedule or frequency of weed management onsite and confirmation that weed management in the above areas will be addressed.

Please provide this update to the Department via the Major Project Portal by **27 August 2021**.

Should you need to discuss the above, please contact Phillip Rose, Compliance Officer, on (02) 6670 8657 or email compliance@planning.nsw.gov.au

Yours sincerely

A handwritten signature in black ink that reads 'H Watters'.
