Dear Stephen

This week Forestry Corporation of NSW (FCNSW) and Santos NSW Pty Ltd (Santos) commenced working under the terms of a new access arrangement (the Arrangement).

The Arrangement serves as continued agreement between the parties for the operation of the onshore petroleum infrastructure occupying State forest at this present time.

Pending State and Federal approvals, the Arrangement also offers consent to Santos to occupy State forest to conduct the activities proposed in the Narrabri Gas Project environmental impact statement (NGP EIS).

FCNSW is advising your working group that the Arrangement addresses all of the concerns raised by FCNSW as part of the exhibition process for the NGP EIS.

Kind regards
