Subject: Fire Management Plan for Narrabri gas Project (SSD-6456)

Dear Ms. Dunlop,

I refer to your submission requesting approval of the revised Fire Management Plan.

The Department understands that the minor revisions to this document are related to a minor change in Phase 1 scope, requiring the construction of an additional deep reservoir monitoring bore, and administrative updates.

The Department has reviewed the revised document and is satisfied that it meets the requirements of the relevant conditions of consent.

In accordance with SSD-6456 Schedule 2, Condition A24, the Department considers this revision to be minor in nature, and that consultation with other agencies was not required.

As nominee of the Planning Secretary, I approve the Fire Management Plan (Revision 0E, dated 15 November 2022) under Schedule 2 Condition B79.

Please ensure you make the document publicly available on the project website at the earliest convenience.

Yours sincerely
