Dear David,

RE: NeW Space Project, University of Newcastle (SSD 6457) – Statement Regarding Detail Service Vehicle Requirements and Provisions

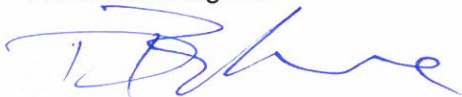

The University has proposed 5 car spaces and a loading dock to be located within the NeW Space site to provision the operational servicing of the building.

It is the intention of the University to utilise the nominated service car spaces and loading dock for the following activities:

- Mai/Couriers Deliveries – approximately 3-5 movements per day
- Waste Disposal General - approximately 1 movement per day (via loading dock)
- Waste Disposal Recycled - approximately 3 movements per week
- Building Maintenance - Planned - approximately 2-3 movement per day
- Building Maintenance - Reactive - approximately 2-3 movements per day
- Library Deliveries - approximately 1 movement per day
- Information Communication Technology (ICT) Maintenance - approximately 1 movement per day as ICT staff will be located on site
- Security – Utilised only for additional security requirements for special events as Security staff will be located on site.
- Cafe Deliveries - approximately 2-3 deliveries per day

If you require any additional information please do not hesitate in contacting me.

Thanks and regards

Damian Burke
