Hi Ania,

Welcome to the project!

Apologies for the delay, please see below response:

- Condition A9: RCC have finalised our review of the all strategies, plans and programs; we're in the process of updating our management plans. You will likely see some submitted via the portal late this week carrying into next week.
- Condition C33: This was corrected on the day of the audit, we haven't had to close this portion of the footpath again since the audit.

If you have any further queries please don't hesitate to contact me.

Thanks

Regards,

Jesse Moss, Senior Project Engineer

Good Morning Jesse,

I am writing in relation to the Post Approval documentation for the response to the Independent Audit, dated 21 June 2021, you submitted for the Sydney Modern Art Gallery through the portal.

I am taking over the project from Alex and have been reviewing the outstanding post approval matters for Sydney Modern.

In relation to the abovementioned response to IA, can you please confirm the following actions have been taken, as recommended in your documentation:

- A review of all strategies, plans and programs as required by Condition A9
- The implementation of alternate access arrangements as required by Condition C33

Furthermore, given the current construction halt can you please consider whether any further out of hours work will be anticipated in the near future.

Feel free to call me if you wish to discuss.

Thank you.

Kind regards,

Ania Dorocinska
