Dear Nestor,

SUBJECT: SSD-64834490 BREWONGLE SOLAR FARM TRANSPORT ROUTE

I am writing to acknowledge the current status of the Brewongle Solar Farm project, currently at SEARS, and to address a critical point regarding possible transportation management through the Mid-Western Regional Council (MWRC), Local Government Area (LGA).

At this stage, our assessments indicate that there are no identified transportation routes planned through the Mid-West region for this project. It is imperative that should the proponent intend to transport materials through the region, Council request the proponent to engage with MWRC. This involves providing the opportunity to review and approve any proposed transport plan through the region.

Should there be any queries or if further information is required regarding this request, please do not hesitate to reach out to our team. Your cooperation in ensuring adherence to these protocols is greatly appreciated.

Thank you for your attention to this matter.

Kind Regards,

A handwritten signature in blue ink, appearing to be 'BRAD CAM', written over a large, faint, stylized 'X' watermark.

BRAD CAM
GENERAL MANAGER
