MCH also requested that any correspondence that their fieldworker provides that is deemed confidential by their group, that they identify it as such	survey invite sent
28 th	11/2/15	Alfred Priestly (Gomeroi Dreaming)	survey	Response to survey invitation: rang MCH and asked why they were not selected for paid survey attendance. Penny explained all stakeholders are invited to the survey and asked to be involved in all aspects of the assessment and that paid work was not consultation and decided by the proponent based on responses to the information pack and budget. Jason asked who was being paid (Penny provided the info) and he expressed his concern and that he would have his lawyers contact the proponent. Penny stated this was up to him, but all groups are invited and consultation is not paid work.	response
29 th	12/2/15	Tocomwall	survey	Scott Franks rang MCH claiming the proponent is not negotiating with them and they are being excluded. I stated that they were not being excluded and that all groups are invited to attend the survey. Scott claims that being a Native Title Claimant, he should determine who is allowed on site and who is not and he wants to know the process of selection for the survey. I told him MCH to follow the OEH guidelines and legislation etc and all registered stakeholders are invited to the survey and consultation with all stakeholders occurs. Scott then threatened legal action to which I stated he should do what he feels he must do. Scott asked for my contact at KMH to explain his rights. I said I would call OEH and discuss the question if Native Title Claimants are the determining body of who is allowed on site and who is not.	
30 th	12/2/15	Aboriginal Native Title Consultants	survey	Provided signed paperwork for the survey	response

No	Date	Communication	Purpose	Phone conversation/ notes	Outcomes
31 st	12/2/15	MCH contacted OEH	Tocomwall	Penny spoke to Nicole Davies (OEH) regarding Tocomwall's claims. OEH stated that as long as MCH and the proponent have followed current OEH CC Guidelines and that everyone, regardless of their status, is given an opportunity to participate and provide comment, than there are no issues. Even though Scott Franks is now a 'Native Title Claimant', it does not alter the current OEH CC processes.	
32 nd	13/2/15	Tocomwall phoned KMH	Survey and consultation	Scott Franks rang KMH and claimed their rights are not being observed, they are not being correctly consulted and should have the sole ability to speak for country as they are registered Native Title claimants. He indicated they would be seeking an injunction against the project.	discussion
33 rd	16/2/15	Tocomwall phoned KMH	Survey and consultation	Scott Franks rang KMH and reiterated points made previously in regards to their exclusive rights under Native Title, claiming he never received the information pack, and threatening legal action.	discussion
34 th	16/2/15	OEH phoned KMH	Consultation	OEH confirmed that Tocomwall are to be treated same as other registered Aboriginal groups under the consultation guidelines. OEH confirmed that MCH have followed correct consultation procedure.	discussion

36 th	16/2/15	MCH contacted Tocomwall	consultation	MCH sent Tocomwall a letter outlining the consultation, dates and proof of inclusion of Tocomwall in the process	response sent
37 th	16/2/15	OEH contacted MCH	consultation & Tocomwall	OEH Regional Manager called MCH seeking information regarding the project and consultation. MCH provided the information and OEH assured MCH had followed the process	discussion
38 th	16/2/15	Tocomwall contacted MCH	consultation	Sent MCH an e-mail claiming discrimination, exclusion, and stated that the proponent and the land owner may be brought before Land and environmental court, and/or possibly the Federal court of Australia with regard to interlocutory proceedings (?)	e-mail received
39 th	16/2/15	OEH contacted MCH	consultation & Tocomwall	OEH Archaeologist called MCH stating that this matter had been discussed with her regional manager and counterparts of OEH in Sydney. OEH also assured MCH and the proponent that the consultation process had been followed.	discussion
40 th	16/2/15	UAC contacted MCH	survey	Provided the required paperwork	response received
50 th	16/2/15	MCH contacted Tocomwall	consultation	Sent Tocomwall another letter stating that the consultation process has been followed and suggested that they contact OEH with any further issues regarding the OEH consultation process	response sent

51 st	16/2/15	Tocomwall contacted MCH	consultation	Threatened legal action again and also stated that OEH have confirmed that Tocomwall has the ability to take this project and process to court for a resolution.	response received
52 nd	16/2/15	OEH contacted MCH	consultation & Tocomwall	OEH regional manager rang and sent an e-mail to clarify that OEH have not confirmed the claims made by Tocomwall.	response received
53 rd	16/2/15	MCH contacted Tocomwall	consultation	Assured Tocomwall that should they receive legal correspondence MCH will forward onto their solicitor	
17 February 2015 Survey					
54 th	14/4/15	MCH contacted all registered stakeholders	draft report	All registered Aboriginal stakeholders were sent a copy of the draft report for their review and comments. MCH also requested a cultural heritage assessment no later than 11/5/15. MCH also requested that any response to the draft report they deem confidential, that they identify it as such	draft report issued
55 th	28/4/15	Tocomwall contacted MCH	Information request	Requesting bore hole data	e-mail lost due to storms and power /internet loss for 2 weeks
56 th	28/4/15	MCH responded to Tocomwall	Information request	MCH informed Tocomwall that power and internet was out and did not have access to that information and suggested they contact the client (name of the report)	
57 th	30/4/15	Tocomwall email to KMH	Request borehole data	Email requesting borehole data	e-mail received
58 th	30/4/15	KMH email reply to Tocomwall	Response to borehole data request	KMH responded to Tocomwall and confirmed that the borehole data is commercial in confidence and cannot be made available at this time.	e-mail sent
59 th	30/4/15	Tocomwall contact KMH following up previous request for access to borehole data	Additional borehole data request	Email reiterating a request for borehole data (soils only) and no one can make an assessment of potential archaeological deposits without this data	e-mail received
60 th	4/5/15	Tocomwall left a message for MCH	Commercial in confidence information	Requested Penny call back regarding the bore hole data logs	message received
61 st	4/5/15	Tocomwall left a message for MCH	Commercial in confidence information	Again requested the bore hole data logs, can't understand why it is not being provided, needed to make decisions about study area	e-mail received
62 nd	4/5/15	MCH sent e-mail response to message	Commercial in confidence information	Stated comms were still an issue. Clearly stated again that the information is not available, this is not unusual, that archaeologists often work without such data, that no amount of calls, e-mails or threats to call the Environmental line will change the availability of the data. Also stated the geomorphology of the Hunter valley is clear, the survey clearly identified the impacts, landscape and geomorphology.	e-mail sent
63 rd	11/5/15	Tocomwall contacted MCH	Response to draft report	Tocomwall stated they have not responded as they have referred their issue regarding access to confidential information to OEH	e-mail recieved

11 May 2015 Response to Draft report closed					
64 th	21/5/15	ANTEC, HVCC, UHHC and GC contacted MCH	Final report	Supported the recommendations in a combined letter	letter received
65 th	21/5/15	MCH contacted all registered stakeholders See attached	final report	All registered Aboriginal stakeholders were sent a copy of the final report	final report issued

Dear Nicole,

RE: Aboriginal Cultural Heritage Impact Assessment at Hollydeen

MCH have been commissioned by KMH Environmental (KMH) who is preparing an Environmental Impact Statement (EIS) for a proposed new quarry at "Dolwendee", near Hollydeen in the Hunter Valley NSW (See attached Figure). The Project is targeting extraction of sandstone and conglomerate parent material for production of a range of construction and structural fill materials.

In order for the proponent to fulfil its cultural heritage consultation requirements as per the Aboriginal Cultural Heritage Consultation Requirements for Proponents (2010), it would be appreciated if you could provide details of any Aboriginal groups or individuals that your organisation is aware of that may have an interest in the project. Please provide details in writing to the undersigned either via written correspondence or email (mcheritage@iprimus.com.au). It would be appreciated if you could respond within 14 working days of receipt of this letter.

Please note that in order to adhere to time constraints, the absence of a response by the prescribed timeline, will be taken by the proponent as your indication that your organisation is not aware of any such interested parties.

Should you wish to discuss this matter, please do not hesitate to contact me on 0412 702 396.

Yours sincerely,

McCardle Cultural Heritage
PO BOX 166,
Adamstown NSW 2289

Dear Sir or Madam

Aboriginal Cultural Heritage Assessment

Proposed Quarry near Hollydeen

I refer to your letter of 8 December 2014 regarding the above matter.

We acknowledge that section 4.1.2 of the Office of Environment & Heritage's *Aboriginal Cultural Heritage Consultation Requirements for Proponents 2010* require you to contact us in order to compile a list of Aboriginal people who may have an interest in the proposed project area and hold knowledge relevant to determining the cultural significance of Aboriginal objects and/or places.

However, we advise that NTSCORP's privacy guidelines restrict us from providing proponents with contact details of traditional owners who may have such an interest or hold such knowledge.

Please be advised that, in response to your notification, we will forward your correspondence to any individuals, groups and organisations whom NTSCORP is aware assert traditional interests within or hold cultural knowledge about the relevant area. Recipients of our correspondence will be invited to register their interest in the project directly with you by 22 December 2014.

Please be aware that NTSCORP cannot make a guarantee or undertaking that the recipients of our correspondence represent the entirety of traditional owners for the relevant area.

Yours faithfully,

A handwritten signature in black ink, appearing to read "G. Tonna". The signature is written over the printed name and title of the signatory.

George Tonna
Land & Notifications Officer
NTSCORP Limited

Dear Penny,

RE: Expression of interest for Aboriginal Cultural Heritage Assessment at Hollydeen

Tocomwall is seeking *primary involvement* in all consultation meetings and fieldwork for the upcoming project, which lies within our traditional boundaries.

Scott Franks and Robert Lester are the applicants for the three registered native title claims on behalf of the Plains clans of the Wonnarua People (PCWP) which were successfully registered with the NNTT in November 2010, tribunal file number NC10/3, September 2012, tribunal file number NC12/4 and in May 2013, tribunal number NC2013/004.

If any persons or groups indicate that they are a party to, or involved in this claim, could you please ensure that you contact either Robert Lester or Scott Franks so that they can provide you with written confirmation. We do not accept or support any persons or organisation, unless confirmed in writing by Scott or Robert. We have no objection to our information being provided to the Office of Environment and Heritage and the Local Aboriginal Land Council.

Tocomwall is able to assist with input that can be incorporated into a written assessment of cultural values of the area. We are also able to provide fit staff to assist with work that may involve physical labour. We can provide copies of relevant certificates of currency for business insurances on request.

Please be advised that this Aboriginal organisation does not do volunteer work or attend unpaid meetings. Tocomwall's payment terms are strictly 14 days from date of invoice. Please ensure that we receive a contract prior to commencement of the project and the payer is aware of our terms.

All correspondence should be emailed to danny@tocomwall.com.au and sarah@tocomwall.com.au or to the above postal address.

Yours faithfully

Danny Franks

Dear Ms McCardle

Native Title Search Results for Muswellbrook Local Government Area

Thank you for your search request of 8 December 2014 in relation to the above area.

Search Results

The results provided are based on the information you supplied and are derived from a search of the following Tribunal databases:

Register Type	NNTT Reference Numbers
Schedule of Applications (unregistered claimant applications)	NC2013/006
Register of Native Title Claims	NC2011/006
National Native Title Register	Nil.
Register of Indigenous Land Use Agreements	Nil.
Notified Indigenous Land Use Agreements	Nil.

Please note that there may be a delay between a native title determination application being lodged in the Federal Court and its transfer to the Tribunal. As a result, some native title determination applications recently filed in the Federal Court may not appear on the Tribunal's databases.

The search results are based on analysis against external boundaries of applications only. Native title applications commonly contain exclusions clauses which remove areas from within the external boundary. To determine whether the areas described are in fact subject to claim, you

need to refer to “Area covered by claim” section of the relevant Register Extract or Application Summary and any maps attached.

Search results and the existence of native title

Please note that the enclosed information from the Register of Native Title Claims and/or the Schedule of Applications is **not** confirmation of the existence of native title in this area. This cannot be confirmed until the Federal Court makes a determination that native title does or does not exist in relation to the area. Such determinations are registered on the National Native Title Register.

Tribunal accepts no liability for reliance placed on enclosed information

The enclosed information has been provided in good faith. Use of this information is at your sole risk. The National Native Title Tribunal makes no representative, either express or implied, as to the accuracy or suitability of the information enclosed for any particular purpose and accepts no liability for use of the information or reliance placed on it.

If you have any further queries, please contact me on 1800 640 501.

Searching the NNTT Registers in New South Wales

Search service

On request the National Native Title Tribunal may search its public registers for you. A search may assist you in finding out whether any native title applications (claims), determinations or agreements exist over a particular area of land or water.

In New South Wales native title cannot exist on privately owned land including family homes or farms.

What information can a search provide?

A search can confirm whether any applications, agreements or determinations are registered in a local government area. Relevant information, including register extracts and application summaries, will be provided.

In NSW because we cannot search the registers in relation to individual parcels of land we search by local government area.

Most native title applications do not identify each parcel of land claimed. They have an external boundary and then identify the areas not claimed within the boundary by reference to types of land tenure e.g., freehold, agricultural leasehold, public works.

What if the search shows no current applications?

If there is no application covering the local government area this only indicates that at the time of the search either the Federal Court had not received any claims in relation to the local government area or the Tribunal had not yet been notified of any new native title claims.

It does not mean that native title does not exist in the area.

Native title may exist over an area of land or waters whether or not a claim for native title has been made.

Where the information is found

The information you are seeking is held in three registers and on an applications database.

National Native Title Register

The National Native Title Register contains determinations of native title by the High Court, Federal Court and other courts.

Register of Native Title Claims

The Register of Native Title Claims contains applications for native title that have passed a registration test.

Registered claims attract rights, including the right to negotiate about some types of proposed developments.

Register of Indigenous Land Use Agreements

The Register of Indigenous Land Use Agreements contains agreements made with people who hold or assert native title in an area.

The register identifies development activities that have been agreed by the parties.

Schedule of Native Title Applications

The Schedule of Native Title Applications contains a description of the location, content and status of a native title claim.

This information may be different to the information on the Register of Native Title Claims, e.g., because an amendment has not yet been tested.

How do I request a native title search?

Dear Tracey,

RE: Aboriginal Cultural Heritage Impact Assessment at Hollydeen

MCH have been commissioned by KMH Environmental (KMH) who is preparing an Environmental Impact Statement (EIS) for a proposed new quarry at "Dolwendee", near Hollydeen in the Hunter Valley NSW. The Project is targeting extraction of sandstone and conglomerate parent material for production of a range of construction and structural fill materials. The purpose of community consultation with Aboriginal people is to assist the proposed applicant in the preparation of an application for an AHIP (if required) and to assist the Director General of the Office of Environment and Heritage (OEH), in his or her consideration and determination of the application should an AHIP be required. This is an invitation for Aboriginal people who hold cultural knowledge relevant to the proposed project area and who can determine the significance of Aboriginal object(s) and/or place(s) in the area of the proposed project to register an interest in a process of community consultation. As per the Aboriginal Cultural Heritage Consultation Requirements for Proponents (2010), you are advised of the following:

- unless otherwise specified, if you register your interest, your details will be provided to OEH and the LALC;
- the LALC's who hold cultural knowledge relevant to the proposed project area that is relevant to determining the significance of Aboriginal objects and/or places within the proposed project area who wish to register, must do so as an Aboriginal organisation not an individual;
- where an Aboriginal organisation representing Aboriginal people who hold cultural knowledge relevant to the proposed project area and that is relevant to determining the significance of Aboriginal objects and/or places within the proposed project area who wish to register, must nominate a contact person and provide written confirmation and contact details of this person or persons.

Dear Clifford,

RE: Aboriginal Cultural Heritage Impact Assessment at Hollydeen

MCH have been commissioned by KMH Environmental (KMH) who is preparing an Environmental Impact Statement (EIS) for a proposed new quarry at "Dolwendee", near Hollydeen in the Hunter Valley NSW. The Project is targeting extraction of sandstone and conglomerate parent material for production of a range of construction and structural fill materials. The purpose of community consultation with Aboriginal people is to assist the proposed applicant in the preparation of an application for an AHIP (if required) and to assist the Director General of the Office of Environment and Heritage (OEH), in his or her consideration and determination of the application should an AHIP be required. This is an invitation for Aboriginal people who hold cultural knowledge relevant to the proposed project area and who can determine the significance of Aboriginal object(s) and/or place(s) in the area of the proposed project to register an interest in a process of community consultation. As per the Aboriginal Cultural Heritage Consultation Requirements for Proponents (2010), you are advised of the following:

- unless otherwise specified, if you register your interest, your details will be provided to OEH and the LALC;
- the LALC's who hold cultural knowledge relevant to the proposed project area that is relevant to determining the significance of Aboriginal objects and/or places within the proposed project area who wish to register, must do so as an Aboriginal organisation not an individual;
- where an Aboriginal organisation representing Aboriginal people who hold cultural knowledge relevant to the proposed project area and that is relevant to determining the significance of Aboriginal objects and/or places within the proposed project area who wish to register, must nominate a contact person and provide written confirmation and contact details of this person or persons.

Should you wish to register your interest in this project, please register in writing no later than 14 days 2013 to:

Dear Luke,

RE: Aboriginal Cultural Heritage Impact Assessment at Hollydeen

MCH have been commissioned by KMH Environmental (KMH) who is preparing an Environmental Impact Statement (EIS) for a proposed new quarry at "Dolwendee", near Hollydeen in the Hunter Valley NSW. The Project is targeting extraction of sandstone and conglomerate parent material for production of a range of construction and structural fill materials. The purpose of community consultation with Aboriginal people is to assist the proposed applicant in the preparation of an application for an AHIP (if required) and to assist the Director General of the Office of Environment and Heritage (OEH), in his or her consideration and determination of the application should an AHIP be required. This is an invitation for Aboriginal people who hold cultural knowledge relevant to the proposed project area and who can determine the significance of Aboriginal object(s) and/or place(s) in the area of the proposed project to register an interest in a process of community consultation. As per the Aboriginal Cultural Heritage Consultation Requirements for Proponents (2010), you are advised of the following:

- unless otherwise specified, if you register your interest, your details will be provided to OEH and the LALC;
- the LALC's who hold cultural knowledge relevant to the proposed project area that is relevant to determining the significance of Aboriginal objects and/or places within the proposed project area who wish to register, must do so as an Aboriginal organisation not an individual;
- where an Aboriginal organisation representing Aboriginal people who hold cultural knowledge relevant to the proposed project area and that is relevant to determining the significance of Aboriginal objects and/or places within the proposed project area who wish to register, must nominate a contact person and provide written confirmation and contact details of this person or persons.

Should you wish to register your interest in this project, please register in writing no later than 14 days 2013 to:

Dear Tommy,

RE: Aboriginal Cultural Heritage Impact Assessment at Hollydeen

MCH have been commissioned by KMH Environmental (KMH) who is preparing an Environmental Impact Statement (EIS) for a proposed new quarry at "Dolwendee", near Hollydeen in the Hunter Valley NSW. The Project is targeting extraction of sandstone and conglomerate parent material for production of a range of construction and structural fill materials. The purpose of community consultation with Aboriginal people is to assist the proposed applicant in the preparation of an application for an AHIP (if required) and to assist the Director General of the Office of Environment and Heritage (OEH), in his or her consideration and determination of the application should an AHIP be required. This is an invitation for Aboriginal people who hold cultural knowledge relevant to the proposed project area and who can determine the significance of Aboriginal object(s) and/or place(s) in the area of the proposed project to register an interest in a process of community consultation. As per the Aboriginal Cultural Heritage Consultation Requirements for Proponents (2010), you are advised of the following:

- unless otherwise specified, if you register your interest, your details will be provided to OEH and the LALC;
- the LALC's who hold cultural knowledge relevant to the proposed project area that is relevant to determining the significance of Aboriginal objects and/or places within the proposed project area who wish to register, must do so as an Aboriginal organisation not an individual;
- where an Aboriginal organisation representing Aboriginal people who hold cultural knowledge relevant to the proposed project area and that is relevant to determining the significance of Aboriginal objects and/or places within the proposed project area who wish to register, must nominate a contact person and provide written confirmation and contact details of this person or persons.

Should you wish to register your interest in this project, please register in writing no later than 14 days 2013 to:

Dear Laurie,

RE: Aboriginal Cultural Heritage Impact Assessment at Hollydeen

MCH have been commissioned by KMH Environmental (KMH) who is preparing an Environmental Impact Statement (EIS) for a proposed new quarry at "Dolwendee", near Hollydeen in the Hunter Valley NSW. The Project is targeting extraction of sandstone and conglomerate parent material for production of a range of construction and structural fill materials. The purpose of community consultation with Aboriginal people is to assist the proposed applicant in the preparation of an application for an AHIP (if required) and to assist the Director General of the Office of Environment and Heritage (OEH), in his or her consideration and determination of the application should an AHIP be required. This is an invitation for Aboriginal people who hold cultural knowledge relevant to the proposed project area and who can determine the significance of Aboriginal object(s) and/or place(s) in the area of the proposed project to register an interest in a process of community consultation. As per the Aboriginal Cultural Heritage Consultation Requirements for Proponents (2010), you are advised of the following:

- unless otherwise specified, if you register your interest, your details will be provided to OEH and the LALC;
- the LALC's who hold cultural knowledge relevant to the proposed project area that is relevant to determining the significance of Aboriginal objects and/or places within the proposed project area who wish to register, must do so as an Aboriginal organisation not an individual;
- where an Aboriginal organisation representing Aboriginal people who hold cultural knowledge relevant to the proposed project area and that is relevant to determining the significance of Aboriginal objects and/or places within the proposed project area who wish to register, must nominate a contact person and provide written confirmation and contact details of this person or persons.

Should you wish to register your interest in this project, please register in writing no later than 14 days 2013 to:

RE: Aboriginal Cultural Heritage Impact Assessment at Hollydeen

MCH have been commissioned by KMH Environmental (KMH) who is preparing an Environmental Impact Statement (EIS) for a proposed new quarry at "Dolwendee", near Hollydeen in the Hunter Valley NSW. The Project is targeting extraction of sandstone and conglomerate parent material for production of a range of construction and structural fill materials. The purpose of community consultation with Aboriginal people is to assist the proposed applicant in the preparation of an application for an AHIP (if required) and to assist the Director General of the Office of Environment and Heritage (OEH), in his or her consideration and determination of the application should an AHIP be required. This is an invitation for Aboriginal people who hold cultural knowledge relevant to the proposed project area and who can determine the significance of Aboriginal object(s) and/or place(s) in the area of the proposed project to register an interest in a process of community consultation. As per the Aboriginal Cultural Heritage Consultation Requirements for Proponents (2010), you are advised of the following:

- unless otherwise specified, if you register your interest, your details will be provided to OEH and the LALC;
- the LALC's who hold cultural knowledge relevant to the proposed project area that is relevant to determining the significance of Aboriginal objects and/or places within the proposed project area who wish to register, must do so as an Aboriginal organisation not an individual;
- where an Aboriginal organisation representing Aboriginal people who hold cultural knowledge relevant to the proposed project area and that is relevant to determining the significance of Aboriginal objects and/or places within the proposed project area who wish to register, must nominate a contact person and provide written confirmation and contact details of this person or persons.

Should you wish to register your interest in this project, please register in writing no later than 14 days 2013 to:

The purpose of community consultation with Aboriginal people is to assist the proposed applicant in the preparation of an application for an AHIP (if required) and to assist the Director General of the Office of Environment and Heritage (OEH), in his or her consideration and determination of the application should an AHIP be required. This is an invitation for Aboriginal people who hold cultural knowledge relevant to the proposed project area and who can determine the significance of Aboriginal object(s) and/or place(s) in the area of the proposed project to register an interest in a process of community consultation. As per the Aboriginal Cultural Heritage Consultation Requirements for Proponents (2010), you are advised of the following:

- unless otherwise specified, if you register your interest, your details will be provided to OEH and the LALC;
- the LALC's who hold cultural knowledge relevant to the proposed project area that is relevant to determining the significance of Aboriginal objects and/or places within the proposed project area who wish to register, must do so as an Aboriginal organisation not an individual;
- where an Aboriginal organisation representing Aboriginal people who hold cultural knowledge relevant to the proposed project area and that is relevant to determining the significance of Aboriginal objects and/or places within the proposed project area who wish to register, must nominate a contact person and provide written confirmation and contact details of this person or persons.
