

A black and white wireframe architectural rendering of a city block, showing various building footprints and structures from an elevated perspective. The drawing uses a grid of lines to define the geometry of the buildings and the surrounding urban layout. The buildings vary in size and shape, with some featuring flat roofs and others having more complex, multi-level structures. The overall composition is a dense, geometric representation of an urban environment.

An aerial, top-down view of a city grid. A specific building footprint is highlighted in a darker shade of gray, showing its rectangular shape and internal structure. The surrounding area is filled with a dense network of white lines representing the city's street grid and other building footprints. The perspective is from directly above, looking down at the city.

General Notes

1. Do not scale drawings. Dimensions govern.
2. All dimensions are in millimetres unless noted otherwise.
3. All dimensions shall be verified on site before proceeding with the work.
4. Foster + Partners shall be notified in writing of any discrepancies.
5. Any areas indicated on this sheet are approximate and indicative only.
6. Australian Eastern Time Zone: UTC/GMT +10 hours

NOTE: shadow study and comparison indicative only.
All areas are to be confirmed by a specialist consultant
