Attention: Andrew Davis

Dear Andrew,

**BARANGAROO SOUTH, STAGE 1A – BUILDING R7 PLANNING APPLICATION (SSD 6623-2014),
ELECTRICAL INFRASTRUCTURE PROVISION**

This letter addresses the Secretary's Environmental Assessment Requirements (SEARs) for the R7 building (SSD 6623-2014) associated with the Barangaroo South Development.

The planning of the electrical infrastructure for Barangaroo South has included the anticipated maximum demand for Building R7 which has been agreed with the governing supply authority, Ausgrid.

We can also confirm there is no impact to the existing infrastructure including no requirement for electrical services relocations for the supply to Building R7.

We trust the above meets your requirements

Yours Faithfully

Giuseppe Petraglia
Specialist Project Engineer
