PARRAMATTA NSW 2150

Via Major Projects Portal (Ref. SSD-6687-PA-18)

Dear Natasha,

Uungula Wind Farm – SSD-6687 Condition B30 – Twelve Mile Road and Goolma Road Intersection Upgrade

The purpose of this correspondence is to seek the Planning Secretary's agreement under condition B30 (and Appendix 7) to revised timing for completion of the Goolma Road intersection upgrade. Condition B30 states:

Unless the Planning Secretary agrees otherwise, prior to commencing construction the Applicant must implement the road upgrades identified in Appendix 7, to the standard and satisfaction of the relevant roads authority.

If there is a dispute about the road upgrades to be implemented, or the implementation of these upgrades, then either party may refer the matter to the Planning Secretary for resolution.

Condition B30 grants the Planning Secretary discretion to agree to, amongst other things, changes in the timing for the implementation of the road upgrades identified in Appendix 7.

Appendix 7 of the consent (Schedule of Road Upgrades) identifies the timing for completion of the Twelve Mile Road / Goolma Road intersection upgrade. For ease of reference, the extract from Appendix 7 is provided below:

Road/ Intersection	Start Point	Chainage	Upgrade	Timing
Intersections				
Twelve Mile Road	Goolma Road	00 km	<ul style="list-style-type: none">Permanently remove and close the existing intersection; andDesign and construct a new intersection with a channelised right (CHR) turn lane and an Auxiliary Left (AUL) turn lane treatment, generally in accordance with Figures 2 and 3 in this Appendix	Prior to commencing construction

The Proponent requests that the Planning Secretary agree to a change to the timing of the Goolma Road / Twelve Mile Road intersection upgrade. Instead of the upgrade being completed 'Prior to commencing construction', we request that the Planning Secretary provides their agreement to the Goolma Road / Twelve Mile Road intersection to be completed 'Prior to any use by Over-dimensional vehicles'.

We make this request:

1. Consistent with condition B27 of the Development Consent, which requires all over-dimensional associated with the development must travel to and from the site via the Twelve Mile Road and Goolma Road Intersection;
2. In light of the considerable time spent liaising with TfNSW and DRC to agree on the intersection upgrade design; and
3. In order to minimise further delays to the construction of the Uungula Wind Farm.

We note that the attached letters from TfNSW dated 28 August 2023 and from DRC set out the support of each of those entities for this timing modification.

Should you have any queries or require additional information regarding this request please contact Anthony Fuller, UWF Project Manager, by email (Anthony.Fuller@squadronenergy.com) or 0428 900 266.

Yours sincerely,

A handwritten signature in black ink, appearing to read 'Alana Gordijn', written in a cursive style.

Alana Gordijn
Environmental Manager
