Subject: Biodiversity offset credit liability

Dear Ms Kidziak

I refer to your letter dated 10 January 2025 providing details on the biodiversity credit offset calculations, which has been submitted in accordance with Condition B21(b) of the development consent for the Uungula Wind Farm project (SSD-6687).

The Department has carefully reviewed the information provided, and notes that:

- updated baseline mapping was approved by the Department on 23 September 2021, satisfying the requirements of Condition B21(a);
- the biodiversity offset credit liabilities for Uungula Wind Farm were calculated in consultation with the Biodiversity, Conservation and Science Directorate; and
- the Statement of Assessment of Reasonable Equivalence of Biodiversity Credits was obtained from the Environment Agency Head of the Department.

Accordingly, as nominee of the Planning Secretary, I approve the biodiversity offset credit liability calculations as required under Condition B21(b).

You are reminded that, unless otherwise agreed by the Planning Secretary, the biodiversity credits must be retired prior to the commencement of construction, in accordance with Condition B22.

If you wish to discuss the matter further, please contact Jess Watson on 02 9373 2845 or via email at jess.watson@dpie.nsw.gov.au.

Yours sincerely

Anthony Ko
