APPENDIX A2 – STAGE 1.1 – LETTERS TO AGENCIES

Reference: 23088

11 January 2024

To whom it may concern,

RE: STAGE 1: REQUEST FOR INFORMATION FOR AN ABORIGINAL CULTURAL HERITAGE ASSESSMENT FOR 28 - 54 PERCIVAL STREET, SMITHFIELD, NEW SOUTH WALES

You are receiving this letter due to your organisation being named as a reasonable source of information that must be contacted under Stage 1 (section 4.1.2) of the *Aboriginal Cultural Heritage Consultation Requirements for Proponents 2010* (Department of Environment, Climate Change and Water NSW 2010) (Consultation Requirements). Section 4.1.2 of the Consultation Requirements makes it the proponent's responsibility to ascertain, from reasonable sources of information such as your organisation, the names of Aboriginal people who may hold cultural knowledge relevant to determining the significance of Aboriginal objects and/or places.

Austral Archaeology Pty Ltd (Austral) has been engaged by Tactical Group to undertake an Aboriginal Cultural Heritage Assessment (ACHA) regarding the proposed warehouse development at 28 - 54 Percival Street, Smithfield, New South Wales (NSW), comprising Lot 1 DP597082, Lot 34 DP61752 and Lot 48 DP238072 (the Study Area). The proposed ACHA is being undertaken to determine the impact the development will have on Aboriginal cultural material, as part of an Environmental Impact Statement (EIS) under Part 5 of the *Environmental Planning and Assessment Act 1979*. The study area is situated within the Cumberland Council Local Government Area (LGA) and is located within the boundaries of the Deerubbin Local Aboriginal Land Council (DLALC).

Austral Archaeology will actively seek to involve stakeholders in decisions regarding Aboriginal cultural heritage issues arising from this project. Additional information will be made available to all registered Aboriginal stakeholders as the project progresses. The purpose of consultation is to assist the proposed applicant in the preparation of an Aboriginal Heritage Impact Permit and to assist the Director General of the Department of Premier and Cabinet (DPC) in his or her consideration and determination of the application. The project will be undertaken in accordance with the *National Parks and Wildlife Act 1974*.

In accordance with the consultation requirements, please note that the relevant client contact for this project is:

Fei Chen

Project Manager

Tactical Group

Email: fchen@tacticalgroup.com.au

All correspondence regarding provision of names and contact details of Aboriginal people who may hold cultural knowledge relevant to the project should be provided in writing to:

Lindsay Costigan

Senior Archaeologist

Austral Archaeology

Shop 1/148 Tongarra Road

Albion Park, NSW 2527

Email: lindsayc@australarch.com.au

Austral requests that your organisation supplies the requested information by **24 January 2024**. Please note that under Section 4.1.6 of the Consultation Requirements, Austral is required to supply details of all registered Aboriginal stakeholders to Heritage NSW and DLALC.

Please do not hesitate to contact me for further information at the contact details provided below.

Yours sincerely,

Felicity Smolenaers

Graduate Archaeologist

Request for Spatial Search of Tribunal Registers

National Native Title Tribunal

Your assistance in providing information in the correct format will ensure that your search request is dealt with as efficiently as possible. **The completed form must accompany your emailed request.**

It may take up to three working days to provide you with your search results when you submit conventional search criteria (tenement or land parcel identifiers). It may take up to five working days for more complex or larger searches. The Tribunal will contact you if a result cannot be provided within this timeframe.

Parcel Identifiers

The NNTT uses the terminology and formatting of unique identifiers used in each state to uniquely identify a land parcel. Please identify land parcels using the formats below:

1. **Western Australia and Queensland** – use Lot on plan details (e.g. WA - 124/P098764 or QLD - 124DP98764).
2. **New South Wales** – use Lot/Section/Plan details (e.g. 124/7/DP258456 or 124//DP568954).
3. **Northern Territory** - use LAISKEY details (e.g. 695 1256 or 000 2568). The laiskey is a unique identifier for each parcel comprised of the location code, LTO code (derived from the survey plan) where applicable and the parcel number
4. **South Australia –** use Plan/Parcel ID (e.g. H529687AL125). Concatenation of Plan Type, Plan, Parcel Type and Parcel.
5. **Victoria -** use SPI (Standard Parcel Identifier) details (e.g. 1\PP2870 or 9E~\PP3306).

The Search Form

1. Specify only **one jurisdiction** (e.g. Queensland) and **one type of tenure** (e.g. mining tenement) per form.
2. You can add up to 20 separate tenements or parcels per search request. Enter one parcel identifier per form field. Do not use ranges such as lots 5 to 15 on Plan DP1486.
3. **For more than 20 parcels or tenements, please submit additional search requests or alternatively attach an Excel spreadsheet along with your completed search form**. List the parcel identifiers in the correct unique format (see above).
4. If your area of interest cannot be clearly identified from the search form, or is not held in NNTT datasets, we may instead provide search results for a surrounding local government area, or other suitable regional area

Disclaimers and additional notes in relation to timeframes, freehold land and cultural heritage in NSW are addressed on the Geospatial Searches homepage and these should be referred to prior to lodging your request.

If you have any further queries please contact GeospatialSearch@NNTT.gov.au to discuss.

Heritage Act 1977 – s139(4) Exceptions

Heritage NSW no longer accepts s139(4) applications as the new archaeological exceptions process is now live. Information on the new process, including how to self-assess your works may be found here s139(4)Exceptions - Self Assessment.

Heritage Management System (HMS) is now live

HMS is a new digital system for lodging Heritage Act applications and searching heritage information. Go to the Heritage NSW website for more information and to access the Heritage Management System

Applications and Section 170 notifications
If you have submitted an application under the Heritage Act 1977 or the National Parks and Wildlife Act 1974, or a section 170 notification, it will first be reviewed for completeness and then allocated to the appropriate assessment team or officer. An officer will contact you if any additional information is required. The completeness check is generally completed within 7-14 business days.
We aim to process applications or notifications within the timeframes below:

Application/Notification type	**Timeframe (Commences once an application or notification is complete)**
Planning Proposals Section 140 Permits Section 4.55 Modifications	21 days
Integrated Development Applications	If advertised: 21 days following receipt of submissions, or advice there were no submissions, or If not advertised: 40 days
Section 60 Application (fast track) Section 60 Applications (standard/ major works)	21 days 40 days (or 60 days if advertised)
Section 90 Aboriginal Heritage Impact Permit (AHIP)	60 days
Section 170 notifications – local heritage items Section 170 notifications – state heritage/SHR items Section 170 registers and heritage asset management strategies	14 days 40 days As advised/ negotiated with an agency's single point of contact

Nominations for listing under the Heritage Act 1977 (State Heritage Register)
A completed nomination form must accompany your application. The application form is available on our website (Nominate listing on the state heritage register). SHR Nominations are considered by the State Heritage Register Committee who will decide whether the nomination will proceed to the next stage of assessment.
Nominations for Aboriginal Place listings under the National Parks and Wildlife Act 1974

Nominations are allocated to the relevant team within 2 business days. An officer will contact you if any additional information is required. The Aboriginal Place proposal form is available on our website: Nominating an aboriginal place

Aboriginal Cultural Heritage (ACH) Conservation and Repatriation

Programs supported by Heritage NSW include the ACH Conservation and Repatriation of Aboriginal ancestors and objects. This work is managed by staff located across NSW. Enquiries into these programs are sent to the relevant team within 2 business days. Please send any enquiries to heritagemailbox@environment.nsw.gov.au and one of our staff will respond to you directly. Please advise us of any requests to modify our projects or timeframes to better accommodate your needs.

Please visit our website at Heritage NSW for further information.

Sincerely,
Customer Concierge Team.

List of Aboriginal Stakeholders held by the Department of Climate Change, Energy, the Environment and Water for the purposes of the Aboriginal Heritage Consultation Requirements for Proponents 2010.

The purpose of this letter is to assist you as the proposed applicant in undertaking Aboriginal community consultation in accordance with the relevant legislation and guidelines.

The consultation process involves getting the views of, and information from, Aboriginal people and reporting on these. It is not to be confused with other field assessment processes involved in preparing a proposal and an application. Consultation does not include the employment of Aboriginal people to assist in field assessment and/or site monitoring. Aboriginal people may provide services to proponents through a contractual arrangement however, this is separate from consultation. The proponent is not obliged to employ those Aboriginal people registered for consultation. Consultation as per these requirements will continue irrespective of potential or actual employment opportunities for Aboriginal people.
In accordance with Clause 60 (10) of the National Parks and Wildlife Regulation 2019, where an agreement of the kind listed below specifies or identifies a modified or alternative consultation process for the purposes of Part 6 of the National Parks and Wildlife Act 1974, the applicant is to undertake consultation in accordance with the modified or alternative process. The applicable agreements are:

a) a registered Indigenous Land Use Agreement under the Native Title Act 1993 of the Commonwealth entered into between an Aboriginal community and the State,

b) a lease entered into under Part 4A of the Act,

c) an agreement entered into by the Secretary and a board of management reserved under Part4A of the Act that has the consent of Aboriginal owner board members for the land concerned,

d) an agreement entered into between an Aboriginal community and the Department of Planning, Industry and the Environment.

Where you believe your application is wholly or partially located within an area subject to any of the above agreements, please provide further correspondence (including mapping, if required) detailing the applicable agreement and its relationship to the application area to heritagemailbox@environment.nsw.gov.au. Heritage NSW will respond with further advice.

Where the above does not apply, please proceed with consultation in accordance with the Clause 60 (1-9) of the National Parks and Wildlife Regulation 2019 and Aboriginal Cultural Heritage Consultation Requirements for Proponents 2010 (the "Consultation Requirements"). A copy of the Consultation Requirements can be found on the OEH website at: http://www.environment.nsw.gov.au/resources/cultureheritage/commconsultation/09781ACHconsultreq.pdf.
Under the Consultation Requirements, a proponent is required to provide Aboriginal people who may hold cultural knowledge relevant to determining the cultural significance of Aboriginal objects and/or places as relevant to the proposed project area, with an opportunity to be involved in consultation. Section 3.3.1 of the Consultation Requirements states that Aboriginal people who can provide this information are, based on Aboriginal lore and custom, the traditional owners or custodians of the land that is the subject o the proposed project.

The Consultation Requirements also state that:
Traditional owners or custodians with appropriate cultural heritage knowledge to inform decision making who seek to register their interest as an Aboriginal party are those people who:

- continue to maintain a deep respect for their ancestral belief system, traditional lore and custom
- recognise their responsibilities and obligations to protect and conserve their culture and heritage and care for their traditional lands or Country
- have the trust of their community, knowledge and understanding of their culture, and permission to speak about it.

This list is provided to proponents in accordance with Clause 60(2)(a)(i) of the National Parks and Wildlife Regulation 2019 and section 4.1.2 of the Aboriginal Cultural Heritage Consultation Requirements for Proponents 2010.
The stakeholders identified on this list may have an interest in the proposed project area and may hold knowledge relevant to determining the cultural significance of Aboriginal objects and/or places.

How to use this list

- Contact the organisations/individuals who have indicated an interest in the relevant LGA/s and invite them to register an interest in your project.
- Do not reproduce the attached list in publicly available reports and other documents. Your report should only contain the names of the organisations and individuals who you have invited to register an interest in your project and those who have registered as stakeholders for your project.
- Note that the provision of this Aboriginal stakeholder list does not override a proponent's requirement to also advertise in the local newspaper and to seek from other sources the names of any other Aboriginal people who may hold cultural knowledge as required under clause 60 (2) of the National Parks and Wildlife Regulation 2019.
- Please refer to Clause 60 of the National Parks and Wildlife Regulation 2019 and the Aboriginal Cultural Heritage Consultation Requirements for Proponents 2010 for further information on the requirements of the consultation process.
- If contact details of stakeholders are found to be incorrect or outdated, please contact heritagemailbox@environment.nsw.gov.au.

Thu 1/11/2024 12:07 PM

To:Felicity Smolenaers <Felicitys@australarch.com.au>

Thank you for emailing the National Native Title Tribunal (NNTT).
We will forward your message to the most appropriate team, and you will be contacted by them directly.
Our offices are open 8:30 am – 4:30 pm, Monday – Friday.
If your enquiry is urgent, please contact NNTT on (07) 3052 4040 during those hours.
For further information, please visit www.nntt.gov.au.

RE: Stage 1: Request for Information for 28-54 Percival Street, Smithfield, New South Wales [SEC=OFFICIAL]

OFFICIAL

Good afternoon,
Thank you for your enquiry regarding Register Searches. To enable us to complete the search appropriately and adequately, please forward your request, along with a Geospatial Search Form, to the following email address: GeospatialSearch@NNTT.gov.au
A Geospatial Search Form must accompany your request. Search request forms are available for download from our website at: http://www.nntt.gov.au/assistance/Geospatial/Pages/Geospatial_Searches.aspx
Further information on searching our Registers is available at: http://www.nntt.gov.au/assistance/Pages/Searches- and-providing-Register-information.aspx
Please note:
Cultural Heritage - The existence or otherwise of native title is quite separate to any matters relating to Aboriginal cultural heritage. In NSW, the National Native Title Tribunal has undertaken steps to remove itself from the formal list of sources for information about indigenous groups in development areas.

Kind Regards,

Tahlia Barba | Support and Project Officer
National Native Title Tribunal | Brisbane
Level 5, Harry Gibbs Commonwealth Law Courts, 119 North Quay, Brisbane QLD 4000

APPENDIX A3 – STAGE 1.2: REGISTRATION OF INTEREST

Reference: 24001

7 February 2024

To whom it may concern,

RE: STAGE 1.2: NOTIFICATION OF PROPOSED WAREHOUSE DEVELOPMENT, 28 – 54 PERCIVIAL STREET, SMITHFIELD NEW SOUTH WALES

Austral Archaeology Pty Ltd (Austral) has been engaged by Tactical Group to undertake an Aboriginal Cultural Heritage Assessment (ACHA) in regard to proposed warehouse development at 28 – 54 Percival Street (comprising Lot 1 DP597082, Lot 34 DP61752 and Lot 48 DP238072), Smithfield NSW (the Study Area).

Austral has been made aware that you or your organisation may hold cultural knowledge relevant to determining the significance of Aboriginal objects and / or places. As part of Stage 1 of the *Aboriginal Cultural Heritage Consultation Requirements for Proponents 2010* (Department of Environment, Climate Change and Water NSW 2010) (the Consultation Requirements), you are invited to register your interest to participate in the ACHA and consultation process for the project.

The proposed ACHA is being undertaken to determine the impact the development will have on Aboriginal cultural material, as part of a Development Application under Part 4 of the *Environmental Planning and Assessment Act 1979*. The study area is situated within the Cumberland Council Local Government Area (LGA) and is located within the boundaries of the Deerubbin Local Aboriginal Land Council (DLALC). The proposed development will include the demolition of existing buildings, removal of vegetation and design and construction of a 2-3 storey, multi-unit warehouse facility.

Austral will actively seek to involve stakeholders in decisions regarding Aboriginal cultural heritage issues arising from this project. Additional information will be made available to all registered Aboriginal stakeholders as the project progresses. The purpose of consultation is to assist the proposed applicant in the preparation of an Aboriginal Heritage Impact Permit and to assist the Director General of the Department of Premier and Cabinet in his or her consideration and determination of the application. The project will be undertaken in accordance with the *National Parks and Wildlife Act 1974*.

In accordance with the consultation requirements, please note that the relevant client contact for this project is:

Fei Chen

Project Manager

Tactical Group

Level 15, 124 Walker Street

North Sydney, NSW 2060

Mobile: 0426 577 681

Email: fchen@tacticalgroup.com.au

All correspondence regarding provision of names and contact details of Aboriginal people who may hold cultural knowledge relevant to the project should be provided in writing to:

Lindsay Costigan

Senior Archaeologist

Austral Archaeology

Shop 1/148 Tongarra Road

Albion Park, NSW 2527

Mobile: 0402 745 058

Email: lindsayc@australarch.com.au

As a person or organisation who may hold cultural knowledge relevant to determining the significance of Aboriginal objects and / or places associated with the proposed project, you are invited to register your interest to be consulted for this project. The closing date for registrations of interest is Wednesday 21 February 2024.

Please note that under Section 4.1.6 of the Consultation Requirements, Austral is required, unless you state otherwise, to supply details of all registered Aboriginal stakeholders to Heritage NSW and DLALC as part of this process.

Please do not hesitate to contact me for further information at the contact details provided below.

Yours sincerely,

Kara Oakley-Smith

Student Archaeologist

Hi Kara,
Thank you for your email, I would like to register in being involved in all levels of consultation for this project.
Including, Meetings, Reports, Sharing Cultural Information, and available Field Work.

About the founder Carolyn Hickey
I am a traditional owner with over 25 years experience in helping preserve Aboriginal cultural heritage on projects.
I hold cultural knowledge relevant to determining the cultural significance of Aboriginal objects and values that exist in the project area.

I have attached A1 Indigenous Services Insurances

A1 INDIGENOUS SERVICES PTY LTD Represents over 100 Indigenous Locals

When Selecting Groups for Engagement;
Please consider that **A1 INDIGENOUS SERVICES** is a member of the **NSW INDIGENOUS CHAMBER OF COMMERCE.**
We carry the NSWICC Assured logo showing that **A1 Indigenous Services** has met National Policy requirements as upheld by the First Australians Chamber of Commerce and Industry (FACCI) for being identified as a **100% First Nations Owned Indigenous Business** That has demonstrate compliance with Government and Industry Regulators.

Kind Regards
Carolyn Hickey

A1 INDIGENOUS SERVICES is now a member of the NSW INDIGENOUS CHAMBER OF COMMERCE

A business or enterprise carrying the NSWICC Assured logo has met National Policy requirements as upheld by the First Australians Chamber of Commerce and Industry (FACCI) for being identified as a First Nations Business Owner or Entrepreneur and the business must demonstrate compliance with Government and Industry Regulators.

(Certificate attached) A certificate confirms that the Enterprise listed above has met all requirements of the NSWICC's Assured Program , operating as a100% Aboriginal Owned, Operated and Controlled Business. The NSW Indigenous Chamber of Commerce (NSWICC) is the Peak body for Aboriginal Business in New South Wales and a member of the First Australians Chamber of Commerce and Industry (FACCI)

A1 Indigenous Services is 100%, Indigenous Owned Australian Company
which offers a range of services to the construction industry.
It is our mission to commit to an innovative approach to a better future for Indigenous employment and community.
While improving ways to close the gap in Aboriginal participation in the construction Industry.
Building strength in aboriginal communities and our Indigenous labour force.

Subject: 28-54 Percival St, Smithfield

Dear Kara

We have received 28-54 Percival St, Smithfield.

Our group is a non- profit organisation that has been active for over forty years in Western Sydney, we are a Darug community group with over three hundred members. The main aim in our constitution is the care of Darug sites, places, wildlife and to promote our culture and provide education on the Darug history.

This area is an area our group has a vast knowledge of, we have worked and lived in for many years, this area is highly significant to the Darug people due to the connection of sites and the continued occupation. Our group has been involved in all previous assessments and works in this area as a traditional owner Darug group for the past 40 plus years.

> *"Aboriginal peoples are the oldest continued culture…the land may have been taken from us for many tens of years and disturbed. However, they still have cultural values, as a culture we have had to adapt to a forever changing landscape, allowance for culture, way of practicing these cultures and even our language is forever changing and adapting."*

Key priorities of the development are to use sustainable materials, plant native plants that are from the area, using correct terminology, do not use the past tense and

ensure that it is clear throughout the development that this is always has been and always will be Aboriginal land.

Our Darug land can only be assessed by Darug people, we have our song lines and creation places that only our people can identify, our connection to our nura is part of us and our country.

Our histories are held by our people and places, when we are looking for cultural aspects of an area they are not only seen but felt, our spiritual connections are our culture and heritage that connect us to our old people through the evidence that we see on our site visits.

People from other mobs should be respectful of our country and people if they are not respectful that the Darug are the knowledge holders then they are not cultural, therefore should not be involved on cultural heritage on Darug land.

Please register Darug Custodian Aboriginal Corporation for this project.

.

Please contact us with all further enquiries on the above contacts.

Regards

Justine Coplin

---

Good morning all,

Thank you for the email and invitation to register by Wednesday 21st February 2024

Konanggo Aboriginal Cultural Heritage Services (KACHS) would like to register an expression of interest in the proposed warehouse development, 28-54 Percival Street, Smithfield

KACHS will provide Aboriginal RAPS with cultural knowledge and knowledge of the land with years of experience working in mainstream services/agencies.

I have cc'd Pamela within this email who has strong cultural knowledge learning from Elder's all around NSW and N.T
Pamela has worked in NPWS, OEH and Heritage NSW as a Senior Conservation Repatriation Heritage Officer for over 23 years and has connected in communities and countries with respect.
I (Robert) have learnt cultural knowledge from my Men's Elders/Seniors and have worked in mainstream over 14 years in NPWS and OEH as a National Park Ranger/Tour Guide/Visitor Services Guide at Royal NP and Kamay NP, Ku-ring- gai NP, plus working over two decades in culturally supporting Aboriginal communities/countries throughout NSW

KACHS provides cultural heritage knowledge holders with experience from a female/male cultural lenses supporting, connecting and healing country, that is beneficial for the archaeologists and proponents.

Culturally we both have over 20 years of cultural and heritage knowledge working on country with experience in all capacities for field surveys, experience in artefacts, experienced in scarred/ring tree's, wet/dry sieving, test excavations/salvage excavations, burial repatriations (Pamela) and working well in team environment. KACHS has had the privilege and honour working on many projects with archaeologists throughout NSW

KACHS has strong affiliation and connection to the lands of Sydney Basin, living, working in and

around Sydney suburbs, West, South, East and North protected significant sites, cultural learning and culturally supporting these sites

Any questions please don't hesitate to contact myself or Pamela that I cc'd in this email, always happy for a yarn

Looking forward working with Austral Archaeology

I have attached my insurance documents within this email

Hi Kara,

Thank you for informing us that **Austral Archaeology** will be involved in an Aboriginal Cultural Heritage Assessment for **28-54 Percival St** &,that you are inviting Aboriginal organisations to register, if they wish too be involved in the community consultation process.

As a senior Aboriginal person for the past 51yrs, I actively participate in the protection of the Aboriginal Cultural Heritage throughout the Sydney Basin, & particularly throughout Western Sydney, on behalf of Kamilaroi Yankuntjatjara Working Group I wish to provide to you my organisation's registration of interest.

I wish to be involved & participate in all levels of consultation/project involvement. I wish to attend all meetings, participate in available field work & receive a copy of the report.

I have attached a copy of Kamilaroi Yankuntjatjara Working group's Public Liability Insurance & Workers Compensation certificate.
Our RAPS have up to 16yrs Cultural Heritage experience in - field work which involves manual excavation (digging), sieving , identifying artefacts, setting up transits, setting up equipment, packing equipment, site surveys & attending meetings (Focus groups, CwC, interpretation).

Should you wish me to provide further information, please do not hesitate to contact me on 0434545982 or Stefeanie on 0451068480.

Kind Regards
Phil Khan – Director

Hi Kara,

Please register Waawaar Awaa Aboriginal Corporation for the Aboriginal Cultural Heritage Assessment for 28-54 Percival St, Smithfield.

In order for our members to provide professional cultural responses to the Methodology and ACHAR, we would like to be involved in all aspects of fieldwork to assist our understanding of the cultural values for the project area.

Your understanding is appreciated.

Please find attached relevant insurances for future reference.

regards

Rodney Gunther

Thank you for contacting Heritage NSW, your enquiry has been received and will be responded to. In the interim, please see the below information which may be of help to you.

Heritage Act 1977 – s139(4) Exceptions

Heritage NSW no longer accepts s139(4) applications as the new archaeological exceptions process is now live. Information on the new process, including how to self-assess your works may be found here s139(4)Exceptions - Self Assessment.

Heritage Management System (HMS) is now live

HMS is a new digital system for lodging Heritage Act applications and searching heritage information. Go to the Heritage NSW website for more information and to access the Heritage Management System

Applications and Section 170 notifications
If you have submitted an application under the Heritage Act 1977 or the National Parks and Wildlife Act 1974, or a section 170 notification, it will first be reviewed for completeness and then allocated to the appropriate assessment team or officer. An officer will contact you if any additional information is required. The completeness check is generally completed within 7-14 business days. We aim to process applications or notifications within the timeframes below:

Application/Notification type	**Timeframe (Commences once an application or notification is complete)**
Planning Proposals Section 140 Permits Section 4.55 Modifications	21 days
Integrated Development Applications	If advertised: 21 days following receipt of submissions, or advice there were no submissions, or If not advertised: 40 days
Section 60 Application (fast track) Section 60 Applications (standard/ major works)	21 days 40 days (or 60 days if advertised)
Section 90 Aboriginal Heritage Impact Permit (AHIP)	60 days
Section 170 notifications – local heritage items Section 170 notifications – state heritage/SHR items Section 170 registers and heritage asset management strategies	14 days 40 days As advised/ negotiated with an agency's single point of contact

Nominations for listing under the Heritage Act 1977 (State Heritage Register)
A completed nomination form must accompany your application. The application form is available on our website (Nominate listing on the state heritage register). SHR Nominations are considered by the State Heritage Register Committee who will decide whether the nomination will proceed to the next stage of assessment.
Nominations for Aboriginal Place listings under the National Parks and Wildlife Act 1974
Nominations are allocated to the relevant team within 2 business days. An officer will contact you if any additional information is required. The Aboriginal Place proposal form is available on our website: Nominating an aboriginal place
Aboriginal Cultural Heritage (ACH) Conservation and Repatriation
Programs supported by Heritage NSW include the ACH Conservation and Repatriation of Aboriginal ancestors and objects. This work is managed by staff located across NSW. Enquiries into these programs are sent to the relevant team within 2 business days. Please send any enquiries to heritagemailbox@environment.nsw.gov.au and one of our staff will respond to you directly. Please advise us of any requests to modify our projects or timeframes to better accommodate your needs. Please visit our website at Heritage NSW for further information.

Sincerely,
Customer Concierge Team.

APPENDIX A6 – STAGE 2: PRESENTATION OF INFORMATION ABOUT THE PROPOSED PROJECT

Reference: 24001

21 February 2024

RE: STAGE 2: PROJECT INFORMATION FOR ACHA AT 28-54 PERCIVAL STREET, SMITHFIELD, NEW SOUTH WALES

To whom it may concern,

You are receiving this letter as a registered Aboriginal party (RAP) for the ACHA at 28-54 Percival Street, Smithfield, New South Wales (NSW).

The following information is being provided to comply with Stage 2 of the *Aboriginal Cultural Heritage Consultation Requirements for Proponents 2010* (Department of Environment, Climate Change and Water NSW 2010) [the Consultation Requirements]. This letter relates explicitly to sections 4.2.1 to 4.2.4 of the Consultation Requirements.

PROJECT DETAILS

Tactical Group is undertaking a warehouse development at 28-54 Percival Street, Smithfield NSW 2164, within the Fairfield Local Government Area (Figure 1). The proposed development will include the demolition of existing buildings, removal of vegetation and design and construction of a 2-3 storey, multi-unit warehouse facility.

The proposed ACHA is being undertaken to determine the impact the development will have on Aboriginal cultural material, as part of a Development Application under Part 4 of the Environmental Planning and Assessment Act 1979.

Based upon these requirements, Austral Archaeology Pty Ltd (Austral) has been engaged by Tactical Group to conduct an Aboriginal Cultural Heritage Assessment (ACHA); this process may result in an application for an Aboriginal Heritage Impact Permit (AHIP) being made.

This letter presents the proposed project information and initiates arrangements for the dissemination of further details to RAPs during the assessment process.

The location of the study area is outlined in Figure 1 and Figure 2

IMPACT ASSESSMENT PROCESS

The following impact assessment process will be completed in accordance with the following guidelines:

- Consultation Requirements.
- *Code of Practice for Archaeological Investigations of Aboriginal Objects in NSW* (Department of Environment, Climate Change and Water 2010) (the Code).
- Guide to Investigating, Assessing and Reporting on Aboriginal Cultural Heritage in NSW (Office of Environment and Heritage 2011).

BACKGROUND RESEARCH

In addition to contacting the relevant Aboriginal and non-Aboriginal stakeholders, background research will include searches of public statutory and non-statutory heritage databases and research into relevant archives as an essential aid to determining the significance of the study area to local Aboriginal people.

The following database and register searches will be undertaken:

- A search of the Aboriginal Heritage Information Management System (AHIMS) database. This database lists known sites of archaeological and cultural significance to Aboriginal people. This will confirm the nature of any Aboriginal cultural values which may be present within the study area. This search will also highlight sites and places of significance in the immediate vicinity. This search may also provide previously produced reports or studies of relevance to this study.
- A search for items or places of Aboriginal significance on non-statutory heritage databases. These include the Register of the National Estate and the National Trust.
- A search of the Local Environmental Plan for Aboriginal heritage places or issues.
- A search for items or places of Aboriginal significance on statutory heritage databases. These include the National Heritage List and the State Heritage Register.

In addition to these database searches, research into the ethnographic, environmental, archaeological and Aboriginal historical context will also be undertaken. The results of this research will assist in determining the potential for Aboriginal archaeological and cultural material and places to be located within the study area.

The background research will need to be collated and précised into a succinct yet thorough literature review. This written work will form a vital part of subsequent methodological development and production of the final cultural heritage assessment report.

CONSULTATION WITH ABORIGINAL STAKEHOLDERS

The Aboriginal people of Australia are part of the oldest and continuous-living cultures in human history. Aboriginal people's cultural heritage is recognised and valued as a unique and essential component of the identity of all Australian people.

Aboriginal cultural heritage provides the essential links between the past and the present – it is a crucial part of Aboriginal people's cultural identity, connection and sense of belonging to Country.

The objective of community consultation is to ensure Aboriginal people have the opportunity to improve assessment outcomes by:

- Providing relevant information about the cultural significance and values of the Aboriginal objects and/or place
- Influencing the design of the methodology to assess the cultural and scientific significance of Aboriginal objects and places.
- Actively contributing to the development of cultural heritage management options and recommendations for any Aboriginal objects and/or places within the proposed project area
- Providing feedback and commenting on draft assessment reports before the proponent submits them to Heritage NSW.

This information pack forms part of the ongoing consultation with Aboriginal stakeholders, being Stage 2 of the Consultation Requirements, which requires consultants to present information about the proposed project to stakeholders. This will also be accompanied by a Stage 3 methodology document, which will thoroughly detail the proposed testing methodology.

Based on this project's size and complexity, information about the project will be disseminated in writing only.

INVESTIGATION OF ABORIGINAL OBJECTS AND / OR PLACES

The field survey will be conducted on 21 MARCH 2024 with representatives from the Deerubbin Local Aboriginal Land Council and Dharug Land Services. The archaeological survey of the study area will be undertaken in accordance with requirements 5 to 10 of the Code to identify any previously unknown Aboriginal objects, sites or places.

An archaeological testing program may need to be completed in accordance with requirements 14 to 17 of the Code; this program will aim to collect information about the nature and extent of sub-surface Aboriginal objects. The testing program will contribute to an understanding of site characteristics and local and regional prehistory that can be used to inform mitigation measures for the project.

Further information on the methodology to be used for the archaeological survey and test excavation program will be presented as part of the Stage 3 documentation.

REPORTING

Austral will produce an ACHA that will include but not be limited to:

- Introduction
- Planning Framework
- Aboriginal Background
- Site Analysis
- Maps and Site Plans etc.
- Aboriginal Stakeholder Consultation
- Assessment of Archaeological Potential
- Archaeological Testing Analysis and Results
- Impact Assessment
- Conclusions and Management Recommendations

As part of Stage 4 of the Consultation Requirements, Aboriginal stakeholders will be provided with the draft ACHA for review and comment. Any comments and responses received by Austral or the proponent will be documented in the final ACHA. Austral will respond to all comments received and will outline how these have been considered and/or implemented as part of the final ACHA (DECCW 2010, p.6).

PROJECT SCHEDULE

To meet these objectives Heritage NSW has developed four stages of consultation which must be met for each cultural heritage assessment. There are several mandatory timeframes associated with the Consultation Requirements; these are summarised in

Table 1 and Table 2.

Table 1 Statutory timeframes for consultation.

Stage	Timeframe
Stage 1: Notification of project proposal and registration of interest	14 days
Stage 2: Presentation of information about the proposed project	-
Stage 3: Gathering information about cultural significance.	28 days
Stage 4: Review of the draft cultural heritage assessment report.	28 days

Table 2 Project milestones, estimated completion dates and status.

Milestone	Statutory Timeframes (Days)	Completion dates	Status
Background research	-	29/02/2024	In process
Aboriginal consultation			
Stage 1 - Notification of project proposal and registration of interest	14	11/02/2024	Completed
Archaeological Survey	-	Late March 2024	To be completed
Stage 2 - Presentation of information about the proposed project	28	17/03/2024	In process
Stage 3 - Gathering information about cultural significance	28	17/03/2024	In process
Archaeological testing	-	TBC – if required	-
ACHAR draft report	-	Late April 2024	To be completed
Stage 4 - Review of ACHAR by stakeholders	28	May 2024	To be completed
ACHAR finalisation	-	May 2024	To be completed
Approval of AHIP	60	July 2024	To be completed

ROLES, FUNCTIONS AND RESPONSIBILITIES

Section 5 of the Consultation Requirements outlines the roles and responsibilities of the parties that are typically involved in the consultation process. The roles, functions and responsibilities for this project are summarised in Error! Reference source not found..

Table 3 Roles, responsibilities and functions of parties involved in the project.

Party	Roles, responsibilities, and functions
RAPs	To provide cultural information and feedback on draft methodologies and the ACHA. To participate in meetings and workshops, and fieldwork, when invited.

Party	Roles, responsibilities, and functions
Austral, on behalf of the proponent	Will consult with RAPs by supplying suitable project information and providing the opportunity for RAPs to provide input into the heritage management process.

As per the Consultation Requirements, Section 3.4 on page 9 states that "[c]onsultation should not be confused with employment". In line with this, it is to be noted that the proponent is not obliged to employ any registered stakeholders for the fieldwork component of this project. However, all RAPs will be fully consulted as per the guidelines.

Table 4 outlines the feedback and input process offered to Aboriginal people for each stage of the consultation process.

Table 4 Feedback and input process for stages of the consultation process to be completed.

Stage	Expected feedback
2	Feedback on the project proposal including nature, scope and methodology. Raise any concerns about cultural perspectives or assessment requirements.
3	Contribute to culturally appropriate information-gathering and the research methodology. Provide information that will enable the cultural significance of Aboriginal objects and/or places within the proposed project area. Have input into the development of any cultural heritage management options.
4	Provide feedback on any aspect of the draft ACHA report.

Should you have any questions or queries regarding the design or methods of construction relating to these works, contact information for the proponent is listed below:

Fei Chen
Project Manager
Tactical Group
Level 15, 124 Walker Street

APPENDIX A7 – STAGE 3: GATHERING INFORMATION ABOUT CULTURAL SIGNIFICANCE

Reference: 24001

21 February 2024

RE: STAGE 3: ACHA AT 28-54 PERCIVAL STREET, SMITHFIELD, NSW

To whom it may concern,

You are receiving this letter as a registered Aboriginal party (RAP) for the ACHA at 28-54 Percival Street, Smithfield, New South Wales (NSW).

The following information is being provided to comply with Stage 3 of the *Aboriginal Cultural Heritage Consultation Requirements for Proponents 2010* (Department of Environment, Climate Change and Water NSW 2010) [the Consultation Requirements]. This letter relates explicitly to sections 4.3.1 to 4.3.7 of the Consultation Requirements.

The purpose of this letter is to present the proposed methodology to the RAPs for the preparation of an Aboriginal Cultural Heritage Assessment (ACHA) for the project. You are also requested to supply any cultural information you wish to provide that can assist in the identification of Aboriginal objects or places as part of the assessment process. In accordance with Section 4.3.2 of the Consultation Requirements, RAPs are provided with the opportunity to review and provide feedback on the proposed methodology outlined in this letter. Please supply this feedback to:

Fei Chen
Project Manager
Tactical Group
Level 15, 124 Walker Street
North Sydney NSW 2060
Mobile: 0426 577 681
Email: fchen@tacticalgroup.com.au

Please provide your feedback, including additional protocols that you wish to be adopted into the information gathering process and assessment methodology by 5pm on Day 20 MARCH 2024.

PRELIMINARY ASSESSMENT

Austral has undertaken a review of documentary sources to understand the Aboriginal heritage values that are likely to occur within the study area.

BACKGROUND

An extensive search of Heritage NSW's Aboriginal Heritage Information Management System (AHIMS) database was conducted on 7 February 2024 (Client service ID: 862216). The search identified 89 Aboriginal archaeological sites within a 5-kilometre search area, centred on the proposed study area (Table 1).

Table 1 AHIMS sites identified within 5 kilometres of the study area

Site Type	Occurrence	Frequency (%)
Artefact	55	61.80%
Potential Archaeological Deposit (PAD)	17	19.10%
Artefact, PAD	8	8.99%
Modified Tree (Carved or Scarred)	3	3.37%
Artefact, Modified Tree (Carved or Scarred)	2	2.25%
Aboriginal Ceremony and Dreaming, PAD	1	1.12%
Artefact, Hearth	1	1.12%
Artefact, PAD, Hearth	1	1.12%
PAD, Artefact, Modified Tree (Carved or Scarred)	1	1.12%
Total	89	100%

The AHIMS search has identified that there are sites located in close proximity to the study area; these are identified in Table 2. The location of AHIMS sites in proximity to the study area are outlined in Figure 1.

Table 2 AHIMS sites identified in close proximity to the study area

Site name / AHIMS No.	Type	Location / extent in relation to study area
Holroyd Substation PAD / AHIMS # 45-5-2866	PAD	668 metres south-west of the study area
Prospect Ck 1 / AHIMS # 45-5-3701	Artefact	731 metres south-west of the study area
Prospect Ck 2 / AHIMS # 45-5-3702	Artefact	796 metres south-west of the study area
Prospect Pipehead (PP) 1 / AHIMS # 45-5-3950	Artefact	884 metres south-west of the study area
CS-IF-1 / AHIMS # 45-5-2522	Artefact	987 metres west of the study area

PREDICTIVE STATEMENTS

Based upon the AHIMS search results and a preliminary review of ethnographic, soils, geology, landform, disturbance and resource information pertinent to the study area, Austral has prepared a series of site prediction statements that have been used to inform the project methodology, these are outlined in Table 3.

Table 3 Aboriginal site prediction statements

Site Type	Predictive Statement
Aboriginal ceremony and dreaming sites	The study area is located near Prospect Creek, a source of fresh water making this area an ideal location for habitation with abundant natural resources. Although there is one Aboriginal ceremony and dreaming site within the vicinity of the study area, these sites are unlikely to be present within the study area due to their general rarity within NSW.
Aboriginal places	There is potential for Aboriginal places to be within the study area due to its proximity to areas of heightened archaeological sensitivity.
Artefact sites	Artefact sites are one of the most common Aboriginal heritage site types observed within the geographical region of the study area. They can be representative of past Aboriginal activities such as hunting, gathering, food processing or stone tool manufacturing. Artefact sites may vary from a single isolated find to a low-density artefact scatter with few artefacts and sometimes large artefact scatter in association with the camping grounds. There is the potential for this site type to be encountered within the study area.
Axe grinding grooves	Axe grinding grooves are unlikely to be present due to the lack of suitable sandstone outcrops within the geographical region of the study area.
Burials	Burials often occur in sandy deposits. No burials have been recorded within or surrounding the study area, making this site type to be less likely to occur.
Modified trees	Modified trees have a higher potential to occur in proximity to a watercourse, such as the creeks or rivers located surrounding the study area, or anywhere old growth vegetation exists. The AHIMS search has shown the presence of six culturally modified trees within the vicinity of the study area. This site type may occur should older vegetation remain.
Potential archaeological deposits (PADs)	PADs are likely to occur in proximity to watercourses such as Cabramatta Creek, Prospect Creek, Orphan School Creek, Duck Creek, and Georges River which surround the study area. The AHIMS search has shown the presence of twenty-eight PADs within the vicinity of the study area. There is the potential for this site type to occur in areas of limited disturbance.
Rock Shelters with art and/or deposit	Rock shelter sites with art are unlikely to be present due to their general rarity within the 5 kilometre radius of the study area and the absence of rock outcrops in the vicinity.
Shell middens	No shell middens have been recorded within the vicinity of the study area. It is unlikely that this site type will be identified within the study area due to lack of suitable landforms.
Stone quarries	There are no suitable rock outcrops within the study area making it unlikely for this site type to occur.

ASSESSMENT METHODOLOGY

The following section outlined the assessment methodology to be employed in the preparation of the ACHA.

SURVEY METHODOLOGY

An archaeological survey will be conducted on 21 MARCH 2024 with selected RAPs in attendance.

The survey will conform with requirements 5 to 10 of the *Code of Practice for Archaeological Investigation of Aboriginal Objects in New South Wales* (*CoP*) (DECCW 2010). The method employed during the survey will be aimed at recording all (or a representative sample of all) evidence of Aboriginal land use that are visible on the surface. An assessment of the likelihood of material traces of Aboriginal land use being present under the ground surface (potential archaeological deposits) will also be completed. The survey will be completed in accordance with a sampling strategy that will ensure/d that all landforms that may be impacted by the project will be inspected.

Recording during the survey will consist of both photographic and written recording techniques. Representative photographs of survey units and landforms were / will be taken, all photographs will

include a graded metric scale. Where Aboriginal objects are identified during the survey, their diagnostic attributes will be recorded, and each object will be photographed (as per requirements 6 and 7 of the *CoP*).

Survey units will be inspected using pedestrian transects following the methodology set out in Burke and Smith (2004, pp.74–80). The survey will document the conditions present to assess the effectiveness of the survey. The following aspects of the survey will be recorded:

- Visibility and exposure for each survey unit.
- Landform and general soil location for each survey unit.
- Land surface and vegetation conditions encountered during the survey.
- Survey coverage in accordance with Requirement 9 of the *CoP*.
- Where Aboriginal objects are identified, the spatial extent of direct evidence and the physical boundaries of each site will be determined.
- The extent of disturbances and an assessment of the integrity of known or likely Aboriginal sites.

All survey data will be collected using Global Positioning System (GPS) enabled devices and the Map Grid of Australia (94) coordinate system.

TEST EXCAVATION METHODOLOGY

To fully assess the nature and extent of the archaeological deposit, Austral has developed an archaeological testing methodology which follows the requirements of the *CoP*.

The results of the archaeological survey may alter the approach to archaeological test excavations within the study area.

Our test excavation methodology is based on the *CoP* which states that all 'test excavations must be excavated using hand tools only' and 'the first excavation [pit] must be excavated in 5 cm spits at each area – either PAD or site – being investigated. Based on the evidence of the first excavation [pit], 10 cm spits or sediment profile/stratigraphic excavation (whichever is smaller) may then be implemented' (Department of Environment, Climate Change and Water 2010, p.26). The *CoP* is also clear on how many test pits should be excavated and their placement.

The test excavation will conform with Requirement 16 of the *CoP*. This will include:

- The hand excavation of 500 x 500-millimetre test pits across a systematic 20 metre grid in areas considered to have high and moderate archaeological sensitivity.
- All excavation will be conducted by hand, and the excavation of initial test pits will proceed in 50 millimetres spits. Based on the results of the initial test pits, subsequent test pits will be excavated either in 100-millimetre spits or by stratigraphic unit, dependant on which unit is smaller.
- Recording of each test pit will be conducted during excavation using either printed *pro forma* or with digital *pro forma* stored on an electronic tablet.
- 100% of excavated potential artefact bearing deposit will be sieved using 5-millimetre screens. Austral has allowed for dry sieving as part of the excavation program. Dependant on the soils encountered and site conditions, material may need to be wet sieved. Water for the sieving station would be provided by a water tanker and pump.

- Artefacts will be collected from the sieves and bagged according to excavation pit provenance. Each test pit will be backfilled to the best of our ability with the sieved material excavated from the pits at the conclusion of the testing program.

ARTEFACT COLLECTION AND STORAGE

Collection and salvage of all artefacts will be undertaken according to the following methodology.

- Each artefact identified during the subsurface testing will be relocated and temporarily stored at Austral's office located at Shop 1/148 Tongarra Road, Albion Park, NSW 2527. After the submission of the final subsurface testing report, the collected Aboriginal material will be taken to a location within or near to the study area previously agreed upon by the proponent and all registered Aboriginal stakeholders for reburial in accordance with requirements of the *CoP*.
- The landowner on whose property this area may be located is to be approached for consent to return the Aboriginal archaeological material to site. If the site where the artefacts are to be returned is situated upon Crown Land then the appropriate authority managing the Local Government Area is to be approached and informed.
- A representative of all RAPs and Tactical Group are to be invited to attend/participate in the return of artefacts to country.
- A GPS recording of the location is to be made and recorded as a new Aboriginal site. A site card will be completed, and the resulting site registered on Heritage NSW's AHIMS database.

Should it be necessary to move these artefacts at a later date, it is a requirement that a Care and Control agreement be completed as part of any AHIP application. This will require the identified Aboriginal stakeholders and Heritage NSW to be consulted over a suitable relocation site. This new site will also require GPS coordinates and all necessary details to be recorded with Heritage NSW's AHIMS database.

CONSULTATION

As part of Stage 3 of the Consultation Requirements, Aboriginal stakeholders are to be provided with a 28 day period to have the opportunity to review and provide feedback on the proposed methodology.

As a registered stakeholder, we ask that you review the above methodology and provide feedback regarding:

- Any known Aboriginal objects or areas of cultural significance that are present within the study area.
- Any information regarding nearby places of cultural significance. This includes places of social, spiritual and cultural value.
- Any culturally relevant information that may affect the archaeological interpretation of the site.
- Any protocols that you wish to be implemented or changed regarding the excavation strategy.
- Any protocols that you wish to be implemented or changed regarding the collection and reburial or conservation of any identified cultural heritage.
- Any management recommendations, such as ways to avoid or mitigate harm to the Aboriginal cultural heritage on site.

The information provided will be used to understand the context and values of Aboriginal objects and / or places located within the study area. The information will be used as the basis of assessment for heritage values and to better inform the archaeological assessment of significance.

CULTURALLY SENSITIVE INFORMATION

Austral would like to take this opportunity to invite RAPs to provide culturally appropriate information. All cultural information that is provided as part of the consultation process will be recorded in the consultation log and will be discussed in the ACHA. RAPs must advise Austral if the information they are providing is to be considered confidential. When providing this information, RAPs must detail the nature of the sensitivity and how this knowledge is to be restricted. Based on this information, Austral will formulate a methodology to record this information that is consistent with the values communicated. Where culturally sensitive information has been disclosed, the ACHA will identify this on the front cover. Alternatively, the ACHA may be finalised in a restricted and unrestricted format for private and public dissemination. All documentation and recordings will be stored securely.

CARE AND CONTROL OF ABORIGINAL OBJECTS

As stated previously, all cultural material will be temporarily stored at Austral's Albion Park office. Once this has been analysed, all cultural material will be subject to the following process:

The Care and Control of Aboriginal objects will be negotiated with RAPs as part of the consultation process included in the ACHA. This will be enacted into a Care and Control agreement.

Aboriginal objects may also be returned to country and reburied as soon as practicable in accordance with requirements 16b and 26 of *CoP*.

Austral requests that RAPs provide any preferences they have for the care and control of Aboriginal objects as part of the review of this document.

REPORTING

Austral will complete an ACHA that includes the results of the Aboriginal community consultation undertaken. The ACHA will consist of:

- Introduction
- Planning Framework
- Aboriginal Background
- Site Analysis
- Maps and Site Plans etc.
- Aboriginal Stakeholder Consultation including all submissions received from RAPs and responses to the issues raised.
- Assessment of Archaeological Potential
- Archaeological Testing Analysis and Results
- Impact Assessment
- Conclusions and Management Recommendations

Please take the time to read this letter and feel free to contact me on the number provided below should you wish to raise any concerns or if you require additional information. Please do not hesitate to contact me on 0431 091 445 if you wish to discuss any aspect of this submission.

Yours sincerely,

Carmen Baulch

Good morning Kaarina,

Thank you for registering, please see below for further details regarding stages 2 and 3.

You are receiving these Stage 2 and 3 consultation letters as you are a Registered Aboriginal Party (RAP) for the ACHA associated with 28-54 Percival Street, Smithfield, NSW.

The PDF states feedback to be returned by the 20 March 2024 but has since been updated, please provide any comments, questions, or concerns regarding the Stage 2 and 3 letters by **30 March 2024.**

Hello Carmen and Amanda,

Thank you for your email.

I have looked over both the stage 2 and 3 consultation documents.

Any suggestions I was going to make were already covered throughout both these documents.

I do not have anything new to add or have any suggestions for change.

I support and agree with your current ACHA to date.

In saying this I am happy to continue working with you on this Smithfield project in anyway.

I'd like to be considered for any upcoming site surveys, meetings, workshops, and fieldwork in the near future.

Kind Regards

Pearl Depoma
