Dear Genevieve,

RE: Request for an Extension in Time for Submission of Management Plans

As discussed recently with the Department of Planning, Industry and Environment (DPIE) on the 19 June 2020, Wilpinjong Coal Pty Ltd (WCPL) are currently undertaking a review of its environmental management plans (EMPs) in accordance with Condition 5, Schedule 5 of SSD-6764. This relative minor review of the majority of EMPs will primarily include reference to the newly granted ML1795, update of property ownership and EMP figures to capture these changes. However, a more detailed review with input from WCPL's water specialists is required of the Water Management Plan and its component plans. This review is expected to exceed the three months from submission of the Annual Review on the 31 March 2020 (i.e. end of June 2020).

Therefore, WCPL are seeking an extension in time to complete the review of the WMP and its component plans in accordance with Condition 5, Schedule 5 of SSD-6764 until the 27 August 2020, to allow for all WCPL EMPs to be submitted together.

Please don't hesitate to contact me using the details below should you have any questions regarding this request.

Kind Regards

Kieren Bennetts
