Jane.Flanagan@planning.nsw.gov.au

Dear Ms Flanagan,

**QuarryWest Project, Pemulwuy (SSD_6801)
Comment on the Response to Submissions Report**

I refer to your email dated 9 July 2015 to the Department of Primary Industries in respect to the above matter.

Comment by DPI Water

DPI Water has reviewed the Response to Submissions (RTS) and provides the following comments.

The RTS has not addressed DPI Water's issue in relation to groundwater as to how adequate the data is that has been assessed and whether the level of reporting is adequate. The RTS indicates any clarifications of the groundwater monitoring data are being addressed as part of the consultations on the revised Groundwater Management Plan (GMP) for the estate.

The RTS notes Boral is currently liaising with DPI Water with a view of seeking approval for a revised plan. DPI Water will be providing a separate response to the proponent in relation to the revised GMP.

For further information please contact Janne Grose, Planning and Assessment Coordinator (Penrith office) on 8838 7505 or at janne.grose@dpi.nsw.gov.au.

Agriculture NSW

Agriculture NSW reiterate previous comments relating to weed management during the construction and operation phases in accordance with existing State, regional or local weed management plans or strategies. Destruction or removal of Noxious Weeds may require a permit from Department of Primary Industries.

For further information please contact Andrew Docking, Resource Management Officer (Richmond office) on 4588 2128, or: andrew.docking@industry.nsw.gov.au.

Yours sincerely

A handwritten signature in red ink, appearing to read 'MH', is positioned above the printed name and title.
