Ms Kerry Hamann
Industry Assessment
Department of Planning and Environment
kerry.hamann@planning.nsw.gov.au

Dear Ms Hamann

I refer to your letter received by the Office of Environment and Heritage (OEH) on 2 November 2015 regarding the development application for the construction and operation of a Light Weight Aggregate Facility located at 780 Wallgrove Road, Horsley Park. Apologies for the delay.

OEH understands that the facility would have the capacity to manufacture up to 600,000 tonnes per annum of aggregate for a range of uses in the building and construction industries.

OEH has reviewed the relevant documents and considers that the *Framework for Biodiversity Assessment* assessment is adequate and that the offsets required by the credit calculator are appropriate.

If you require any clarification or further advice on this matter please contact Belinda Leo, Operations Officer on 9995 6837 or by email at Belinda.Leo@environment.nsw.gov.au

Yours sincerely

S. Harrison 15/12/15
